VOLUME NUMBER XXXIV. CANYON, TEXAS, THURSDAY, JUNE 26, 1930. NUMBER 14

## SKELETON OF AN INDIAN CHIEF IS GIVEN SOCIETY

### SKELETON IS UNEARTHED IN COLLINGSWORTH COUNTY.

### Floyd V. Studer Aids in Removal From Grave; Many Articles Found in Grave.

Removal from the place where he was laid to rest preparatory to his departure to the happy hunting grounds, a skeleton, that of an early plains Indian chieftain, was found in Collingsworth county recently, and will be placed in the museum of the Panhandle Plains Historical Society here. The latest addition to the society's collection has been announced by L. F. Sheffy, field secretary of the society. Mr. Sheffy states that the skeleton will be on display at the West Texas State Teachers College within three or four weeks.

The skeleton was first located by Ken Cannon who was riding along a creek and saw the barrel of the Indian's flint gun sticking out of the ground. The skeleton was removed by Floyd V. Studer of Amarillo, who is preparing it for display. According to Mr. Studer, the skeleton is one of the best ever unearthed in the Panhandle and is perhaps one of the best preserved that has ever been found in this section.

By all evidence surrounding the chief, one is led to believe that the skeleton has been buried at least 75 years. The flint rock still remainded in the flint gun that was buried beside the leader of a tribe that once roamed the plains country hunting fat buffalo herds and made a vain effort to check the advanceing march of the white man.

As it was the custom, a large number of personal belongings were placed in the grave beside the departed Indian. Among them was his gun; 20 bracelets made of brass were about his wrists; a string of beads made from reeds and bones were about his neck together with several other strands of beads; buried beside him were a pair of Spanish bridle bits and three metal buckles; a small mriror was resting on his breast and brass rings were found in his ears.

The grave was discovered several days ago. Great care was exercised in the removal of the skeleton in order that everything in the grave might be preserved. When it is ready for display, this is expected to become one of the most interesting exhibits of the society.

From indications it is thought that the Indian was a member of a wandering tribe and died while they were passing through that part of the country or at least while temporarily camped there, as the grave was near a large spring of water. There is no way of ascertaining to what tribe he belonged, but it is thought that he was a Comanche.

## *Warwick Leaves For Rotary Meet*

Representing the Canyon Rotary club as their delegate, Clyde W. Warwick left Saturday night for Chicago where he will attend the International Rotary Club convention, celebrating the 25th anniversary of the founding of Rotary.

Mr. Warwick will be gone about two weeks. He plans to visit his old home in Iowa while away.

## *Sheriff Suffers Injured Arm*

To the great shock and surprise of the citizenery of Canyon, John Fry, the honorable sheriff of this county appeared on the streets of our fair city Tuesday morning with his left arm bandaged in a sling.

It is not necessary to state that such an appearance brought about a number of questions and suggestions as to the cause. In order to get matters straight and keep them that way, a reporter on the News staff attempted to secure an interview with the sheriff.

In reply to the queries propounded by the reporter, the sheriff mildly replied that he hurt his arm by falling down and that he would announce later the cause of his falling down.

Draw on your own imagination.

## Three Names Are Removed From the Official Ballot

Three of the names on the ballot that was announced last week by the County Democratic Executive committee have been withdrawn. Two of these are for governor and one for constable.

The names of Lynch Davidson and Pink L. Parrish, both candidates for governor have been removed from the official ballot that will face the voters in July. The name of Sam Wiggins as candidate for constable for precinct 1 has also been removed from the ballot, according to W. C. Black, chairman of the executive committee. Eleven names remain on the ballot as candidates for the governor's office, while there is none for the place of constable, as Mr. Wiggins, present constable, was the only person to announce for the office.

A third voting box will be placed in precinct one this year, according to members of the committee. Dividing lines of the precinct which includes the city of Canyon will run north and south instead of east and west as has been the custom heretofore.

A voting place will be established at the high school for all those living west of 8th street in Canyon and those living in precinct 1 outside of Canyon and west of that section line. A voting place will be established at the court house for all those who live between the road running north and south by the high school and the main Amarlilo and Happy Highway. That will include every one living within the north and south boundaries of precinct one and between the two roads. Those who live east of the Amarillo and Happy highway and in precinct one will vote at a box which will be established at a point near the college.

## Propose Motor Trip Into Palo Duro Canyons

Plans are being considered at this time for a motorcade into the Palo Duro Canyons before the end of the summer, according to Travis Shaw who is taking an active part in an attempt to establish a state park in the Palo Duro Canyons.

Mr. Shaw was in Amarillo early this week conferring with R. E. Townsend who is secretary of the Palo Duro Park association, regarding such a motorcade.

Should any plans materialize regarding the motorcade they plan to leave San Antonio and follow the Old Chisolm cattle trail into the Panhandle, with a visit to the canyons as the objective.

Governor Moody has already endorsed the idea of a motorcade into the Panhandle and states that he will be glad to lead the caravan of sightseers, should such a trip be made.

Mr. Shaw expects a definite announcement, either rejecting or endorsing such a plan, following the next meeting of the park association of which Sam Braswell, of Clarendon is president.

### CAR DELIVERIES

Miss Clara Brian, New Ford Tudor Sedan.

Adrian Walker, Amarillo, New Ford DeLuxe Coupe.

Sammie Hill, Model A Ford Sport Roadster.

J. W. Tatum, Amarillo, Model A Ford Sport Coupe.

Guy Dixon, Amarillo, Model A Ford Tudor Sedan.

Earl Robertson, Amarillo, used Roadster.

W. L. Covington, new Ford Tudor Sedan.

L. C. Johnston, new Ford Standard Coupe.

W. E. Bennett, new Chevrolet truck.

A. L. Klein, new Chevrolet truck.

F. B. Desmond, new Chevrolet coach.

Raymond Gulledge, new Chevrolet coach.

R. B. Meredith, used Chevrolet coach.

J. S. Hand, used Chevrolet sedan.

I. N. Wester, new Chevrolet sedan.

White Griffitts, used Chevrolet truck.

R. C. Henry, new Chevrolet truck.

Elbert Gee, used Ford sedan.

White Griffits, new Chevrolet truck.

E. L. Prichard, used Chevrolet coach.

Mrs. Millard Word returned Saturday to her home in Amarillo after a two weeks visit with her parents, Dr. and Mrs. S. L. Ingham, of this city.

Mr. and Mrs. A. R. Eastwood visited relatives in Plainview Sunday.

## WHEAT HARVEST IS WELL UNDER WAY IN COUNTY

### 43 CARS HAVE BEEN SHIPPED FROM CANYON.

### Average Yield May Reach 10 Bushels Per Acre; Tests Are High; Protein is Low.

Continued hot dry weather has been of very much aid to the wheat harvesters in Randall county this week. The combines are running almost continuously, day and night.

Forty-three cars of wheat from the 1930 crop had been shipped from Canyon late yesterday. Thirty-three of these from the Neff Elevator and 10 from the Canyon Grain and Elevator.

From reports varing, the general wheat yield for the entire county estimated from 8 to 10 bushels per acre. A large number of farmers state that they are making a better yield than was expected.

The tests this year are running very high, in fact, the most of the wheat is being graded as number 1 wheat. The protein tests however, are not very high, ranging from 11 to 13.

Price paid by local grain men yesterday was 66 cents.

According to H. J. Miller, manager of the elevator at Ralph switch between Canyon and Happy reports that they are receiving quite a bit of wheat there.

## *College Directory Is Being Printed*

A student and faculty directory of the college which is being published by the News plant will be printed within a few days and ready for distribution.

The directory will be complete and give a full list of the faculty and student roster for the summer term.

## *Pioneer of Canyon Dies in Tennessee*

W. G. Gilliam, the father of Mrs. E. Burroughs of this city and a pioneer of this section, died Saturday morning at Gallitan, Tenn.

Mr. Gilliam was an old-timer in this part of the country and lived here until 1915. Mrs. Burroughs was unable to attend the funeral.

### PURSE STOLEN WEDNESDAY

A purse containing small change and several rings valued at less than $100, and belonging to Mrs. A. B. Duncan, was stolen from the Guaranty Abstract office during the absence of Mrs. Duncan from the office Wednesday morning.

Two boys seen in the office were arrested following the discovery of the loss of the purse. They gave their address as Chillicothe, but no evidence of the purse or contents were found on them when searched. They were held on suspicion.

## Largest Fire of Year Early Sunday Burns Two Firms

Fire of unknown origin in Mark's Bakery and Mark's Sandwich Shop on the east side of the square was discovered at 3:25 o'clock Sunday morning, by Night Watchman Chas. Stratton.

The fire had gained great headway before the fire department arrived, but was held in check with no damage extending further than the bakery and sandwich shop.

Mark's Bakery, owned and operated by Mark A. Foster, was a total loss, partly covered by insurance.

The Sandwich Shop owned by Mark L. Foster, was partly destroyed by the fire and damaged further by water, was also partly covered insurance.

The two small frame buildings which are the property of B. S. Livingston, were partly covered by insurance.

When first discovered the fire was burning rapidly around the flue in the bakery.

The loss on all the property is estimated at $2,250 which is the greatest single fire loss in Canyon so far this year.

## Repair Lights On Automobiles Chief Hicks Says

Chief of Police Frank Hicks states that those automobile drivers who have bad lights on their vehicles will find it both profitable and pleasant to repair same.

At this time Chief Hicks is waging a war on those who drive without all the lights in good condition.

He has been kindly warning those who are driving with improper lights to have them repaired, the first time he stops them. The next time a fine and the cost of repairing the lights is assessed.

In one night he warned 56 motorists in Canyon to have their lights repaired. During the past two or three nights he has "handed" tickets to several.

A few months ago such a war was waged against drivers in this county and good results were obtained with little trouble, but here of late numbers of automobiles are being driven at night with the lights in bad condition such as only one head light, one head light and one tail light, or two head lights and no tail light.

### GATHERING WHEAT EXHIBIT

County Agent W. H. Upchurch is spending most of his time in the wheat fields this week in an effort to collect a good exhibit of threshed wheat and wheat heads for his general farm exhibit to be displayed next spring and winter at the various fairs and farm shows.

He is also gathering exhibits of oats, barley, rye and other small grains and will appreciate samples donated by anyone who may care to do so.

## GAP IN ROAD TO AMARILLO TO BE PAVED

### WORK ON PAVING WILL BEGIN AT EARLY DATE.

### Delay of Almost a Year Was Ended By Announcement of State Highway Department.

A delay of almost a year in the paving of the gap between the end of the Randall county highway and the city of Amarillo, a distance of eight tenths of a mile, was terminated by an announcement from the State Highway commission yesterday that it had awarded $12,846 as its part of the project.

A contract was let on July 23, 1929 for the paving of the short strip of road, but the state department did not agree to aid in the project and since that time the City Commission of Amarillo has been attempting to obtain state aid. The contract for paving the gap, was awarded to the firm of Wilmering and Mullen. They will move their equipment and machinery on the grounds today and begin work immediately it was announced this morning.

The contract in the amount of $47,531.33 covers paving of the road from the Randall paving to Harrison and Thirty-sixth streets. Mayor Thompson stated the contract is still valid and that the construction company has been awaiting the awarding of aid to start to work.

Two provisions were attached to the award by the state commission. The first is that Amarillo will supervise the work under plans accepted by the highway commission. The other is that the city of Amarillo will provide paving 36 feet wide if parallel parking is to be enforced, and 42 feet wide if anble parking.

Both of these conditions, Mayor Thompson states, are already met.

The paving of this gap will give continuous all-weather roads from Canyon to Pampa. Completion of paving already financed by counties will give a paved road on highway 33 from the west county line of Randall all the way to the Oklahoma line in Lipscomb county.

## *New J. P. Court is Established Monday*

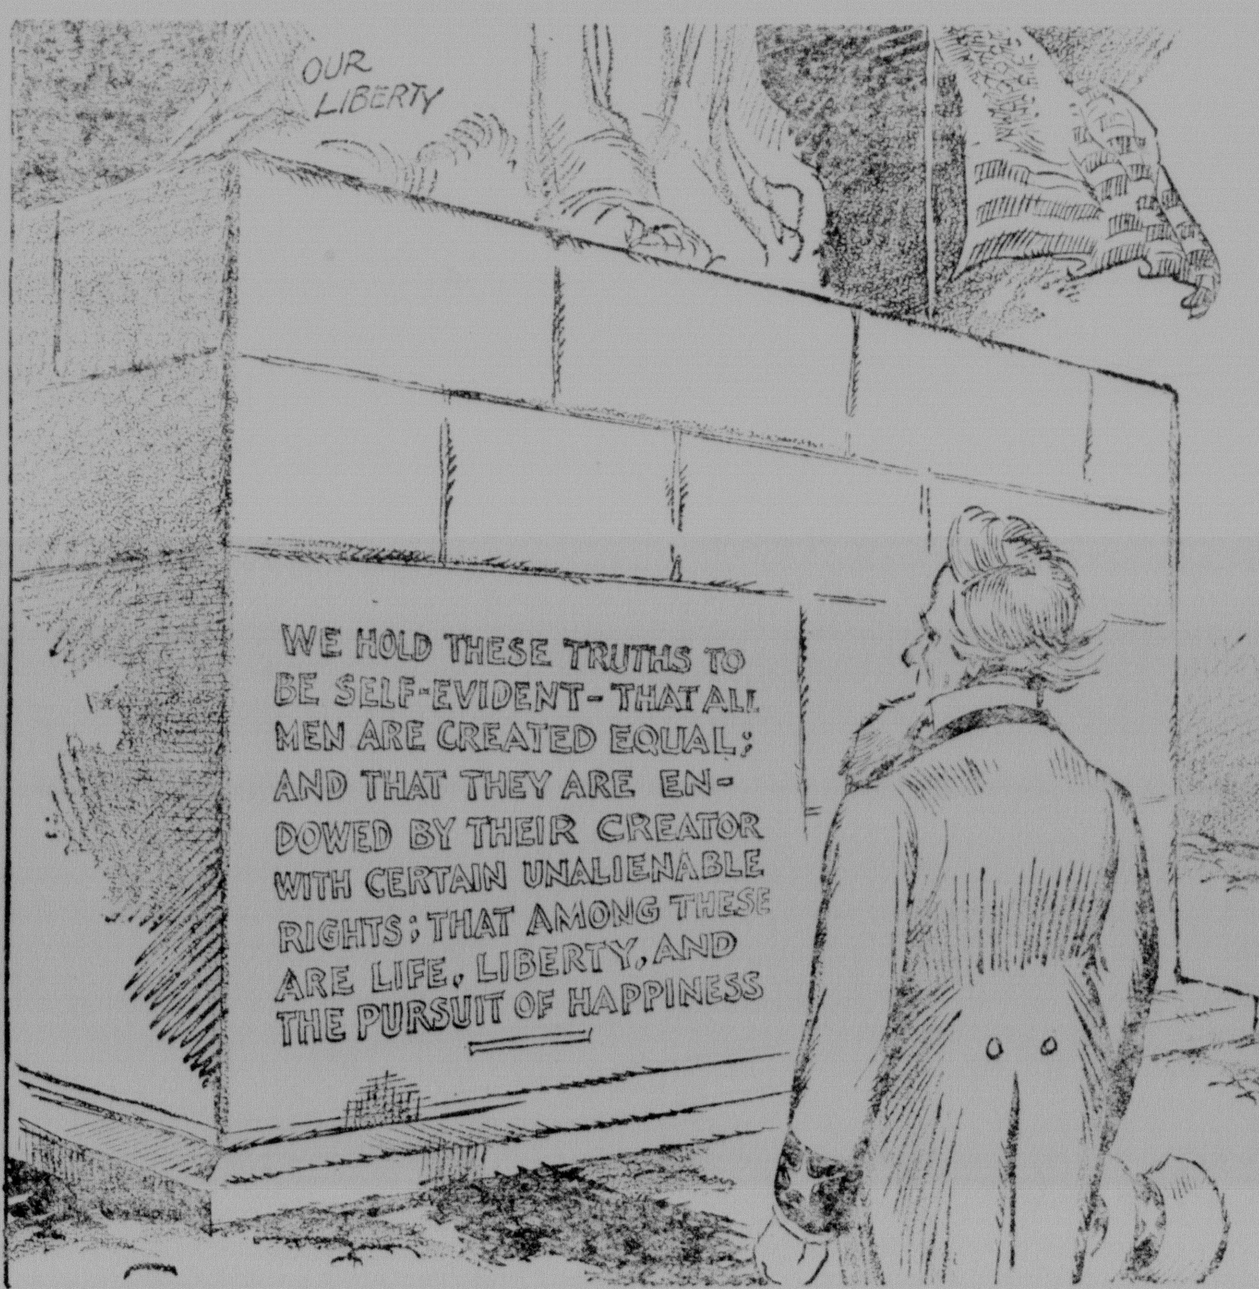
A new Justice Court for Randall county was created Monday by the County Commissioners Court in session here.

The court will be established in Precinct A, which is the part of Amarillo which is in this county. W. C. Stevenson was appointed by the Commissioners as the Justice of Peace and a building to be used in holding court has been leased.

All cases coming under the jurisdiction of the Justice Court in the north part of the county will be tried there.

Do your shopping in Canyon.

## LEST WE FORGET



OUR LIBERTY
WE HOLD THESE TRUTHS TO BE SELF-EVIDENT – THAT ALL MEN ARE CREATED EQUAL; AND THAT THEY ARE ENDOWED BY THEIR CREATOR WITH CERTAIN UNALIENABLE RIGHTS; THAT AMONG THESE ARE LIFE, LIBERTY, AND THE PURSUIT OF HAPPINESS

## CITY PROPOSES TO PAVE 12 BLOCKS AT ESTIMATED COST OF MORE THAN $32,000; TO HEAR PROPERTY OWNERS

### Agreement is Reached By City Commission and C. N. Harrison; College Funds are Available for Paving Their Part.

An agreement was reached between the City Commission and C. N. Harrison contractor, at a meeting of the Commission on Monday night in regard to the proposed paving of 12 city blocks, the cost of which is estimated at $32,265.14.

Although no contract has been signed, it is expected that it will be signed within a few days. An official notice addressed to the property owners is being published this week.

The cost of the city's part of the paving is expected to be cared for out of the 1930 taxes, thus eliminating either the calling of a bond issue or the issuing of emergency warrants to care for the cost. The amount of the paving affecting the college has already been cared for through an appropriation of the last session of the legislature.

The paving is to be with 3 inch Vertical Fibre Brick on a natural foundation.

The paving which is proposed in the notice of the City Commission follows:

On Fifteenth Street from its intersection with the south property line of Fifth avenue to its intersection with the north property line on Sixth avenue. The estimated cost to be $2379.30. Also on Fifteenth street from the intersection with the north property line of Fourth avenue to its intersection with the south property line of Third avenue. The estimated cost to be $2371.45.

On Sixteenth Street, from its intersection with the south property line of Fifth avenue to its intersection with the north property line of Sixth avenue. The estimated cost is $1900.63.

On State street or Twenty-fourth street, from its intersection with the north line of the present paving on Fourth avenue to its intersection with the north property line on Second avenue. This is estimated to cost $6,248.33.

On Hemlock street or Twenty-sixth street, from its intersection with the south line of the present paving on Fourth avenue to its intersection with the south property line of Alder street, or Second avenue. The estimated cost is $5275.58.

On Second Avenue from its intersection with the west property line of State street to its intersection with the East line of the present paving on Twenty-third street. This estimated cost is $2709.73.

On Third avenue, from its intersection with the west property line of State street to its intersection with the east line of the present paving on Twenty-third street. The estimated cost on this is $2709.73. Also on Third avenue from its intersection with the west property line of Twentieth street to its intersection with the west line of the present paving on Twenty-third street. These three blocks are estimated to cost $8670.39.

The meeting to hear the petitions and objections of property owners and those interested which is called for July 11 will be held at the city hall.

The three blocks of paving on Third avenue from Twentieth street to Twenty-third street will go through the new addition that was opened up by the removal of the stock pens early in the spring.

## Shoppers Buy The Bargain Offers of Trades Day

Reports from the various merchants over town indicate that the Trades Day on Monday was one of the best for several months, despite the harvest being in full swing.

The crowds that came to town Monday were very small compared to the ones of other days but they took advantage of the Dollar Day features, which offered a savings of many dollars to the people of this territory.

The events held on the lawn for the smaller boys attracted quite a bit of attention. Added to the regular entertainment planned a few impromptu boxing matches were held between coming champions, using light weight boxing gloves.

### REGENT MEMBER VISITS HERE

Fred Martin of Fort Worth, a member of the Board of Regents of the College was here Tuesday afternoon visiting on the campus.

## Two New Mexico Car Thieves Held Here by Officers

J. W. Edwards, alias Jack Langly and H. C. Cudd of Childress, were arrested late Monday afternoon by County Highway officer Bob Barnett, on the Amarillo highway near Hollywood, for the theft of an automobile from Albuquerque, N. M.

The two were first arrested because of suspicious movements on their part and because one of the men resembled the descriptions of one of the men who aided in the robbery of the Clarendon bank early Monday. The two were brought to Canyon where they were placed in the jail here. Clarendon officers and the cashier of the bank came here late Monday night to look at the pair and identify them as the two who held up the bank there. However, they failed to identify either as being implicated in the act.

Upon cross examination it was learned that the two had stolen the car in Albuquerque, and were enroute to Childress, their home. New Mexico police were informed that the car thieves were being held by the sheriff's department here and a message was received here Tuesday stating that officers would come for them if they waived extradition. The proper papers were signed late Tuesday and Edwards and Cudd will be removed to the Albuquerque jail.

The car they were driving was a Chevrolet roadster and was stolen from a rent-car agency in Alburquerque.

## Rotarians Hear Of Junior Red Cross Activities

The work of the Junior Red Cross was described to Rotarians Tuesday by Miss B. Jeannette Rufling, of St. Louis, who was the guest and speaker at the meeting of the Rotary Club.

Miss Rufling used the comparison of Rotary's motto, "Service Above Self," with that of the Junior Red Cross, which is, "I Serve." The President of the United States is the Chairman of the Red Cross and the funds are handled through the treasury department, with the most careful check being kept on the expenses of the organization.

The work of the Junior Red Cross is divided into several different departments which include, Disaster relief, War service, Nursing service, Public health, Home hygiene, Life saving, Volunteer service, and Veterans' Hospitals.

The Junior Red Cross is planning an International program for the school children, whereby they may carry on correspondence with school children in foreign nations, with letters being translated at a central point, so the children will receive them in the language in which they are to be read.

A new service is being inaugurated in this country and that is one of first aid on the highways. Special first aid stations will be established along the leading highways where the injured may receive the proper aid before a physician is summoned.

Visitors present Tuesday were: O. R. Allen, Irvin O. Tolzien, C. Dan Hughes, Allen Early, Geo. Hailey, Charlie Wolflin, Ed Enochs, H. A. Nobles, S. F. Sullenberger, R. A. Ford, E. J. McCartt, all of Amarillo, Miss B. Jeannett Rufling, St. Louis, and Fred E. Wortham, Canyon.

## *Gamewell Opens a Law Office Here*

W. I. Gamewell, attorney of Dallas has moved here and opened an office in the First National Bank building.

Mr. Gamewell who has been practicing in the state and federal courts for the past 15 years, has been in Dallas for four years.

Prior to moving to Dallas he was county attorney of Dallam county. He has practiced in several of the Panhandle towns.

Mrs. Gamewell and their son and daughter are moving here from Dallas and will occupy the Reid house on Fourth avenue.

# The Canyon News

VOLUME NUMBER XXXIV. CANYON, TEXAS, THURSDAY, JUNE 26, 1930. NUMBER 14

## SKELETON OF AN INDIAN CHIEF IS GIVEN SOCIETY

### SKELETON IS UNEARTHED IN COLLINGSWORTH COUNTY.

**Floyd V. Studer Aids in Removal From Grave; Many Articles Found in Grave.**

Removal from the place where he was laid to rest preparatory to his departure to the happy hunting grounds, a skeleton, that of an early plains Indian chieftain, was found in Collingsworth county recently, and will be placed in the museum of the Panhandle Plains Historical Society here. The latest addition to the society's collection has been announced by L. F. Sheffy, field secretary of the society. Mr. Sheffy states that the skeleton will be on display at the West Texas State Teachers College within three or four weeks.

The skeleton was first located by Ken Cannon who was riding along a creek and saw the barrel of the Indian's flint gun sticking out of the ground. The skeleton was removed by Floyd V. Studer of Amarillo, who is preparing it for display. According to Mr. Studer, the skeleton is one of the best ever unearthed in the Panhandle and is perhaps one of the best preserved that has ever been found in this section.

By all evidence surrounding the chief, one is led to believe that the skeleton has been buried at least 75 years. The flint rock still remainded in the flint gun that was buried beside the leader of a tribe that once roamed the plains country hunting fat buffalo herds and made a vain effort to check the advanceing march of the white man.

As it was the custom, a large number of personal belongings were placed in the grave beside the departed Indian. Among them was his gun; 20 bracelets made of brass were about his wrists; a string of beads made from reeds and bones were about his neck together with several other strands of beads; buried beside him were a pair of Spanish bridle bits and three metal buckles; a small mriror was resting on his breast and brass rings were found in his ears.

The grave was discovered several days ago. Great care was exercised in the removal of the skeleton in order that everything in the grave might be preserved. When it is ready for display, this is expected to become one of the most interesting exhibits of the society.

From indications it is thought that the Indian was a member of a wandering tribe and died while they were passing through that part of the country or at least while temporarily camped there, as the grave was near a large spring of water. There is no way of ascertaining to what tribe he belonged, but it is thought that he was a Comanche.

## *Warwick Leaves For Rotary Meet*

Representing the Canyon Rotary club as their delegate, Clyde W. Warwick left Saturday night for Chicago where he will attend the International Rotary Club convention, celebrating the 25th anniversary of the founding of Rotary.

Mr. Warwick will be gone about two weeks. He plans to visit his old home in Iowa while away.

## *Sheriff Suffers Injured Arm*

To the great shock and surprise of the citizenery of Canyon, John Fry, the honorable sheriff of this county appeared on the streets of our fair city Tuesday morning with his left arm bandaged in a sling.

It is not necessary to state that such an appearance brought about a number of questions and suggestions as to the cause. In order to get matters straight and keep them that way, a reporter on the News staff attempted to secure an interview with the sheriff.

In reply to the queries propounded by the reporter, the sheriff mildly replied that he hurt his arm by falling down and that he would announce later the cause of his falling down.

Draw on your own imagination.

## Three Names Are Removed From the Official Ballot

Three of the names on the ballot that was announced last week by the County Democratic Executive committee have been withdrawn. Two of these are for governor and one for constable.

The names of Lynch Davidson and Pink L. Parrish, both candidates for governor have been removed from the official ballot that will face the voters in July. The name of Sam Wiggins as candidate for constable for precinct 1 has also been removed from the ballot, according to W. C. Black, chairman of the executive committee. Eleven names remain on the ballot as candidates for the governor's office, while there is none for the place of constable, as Mr. Wiggins, present constable, was the only person to announce for the office.

A third voting box will be placed in precinct one this year, according to members of the committee. Dividing lines of the precinct which includes the city of Canyon will run north and south instead of east and west as has been the custom heretofore.

A voting place will be established at the high school for all those living west of 8th street in Canyon and those living in precinct 1 outside of Canyon and west of that section line. A voting place will be established at the court house for all those who live between the road running north and south by the high school and the main Amarlilo and Happy Highway. That will include every one living within the north and south boundaries of precinct one and between the two roads. Those who live east of the Amarillo and Happy highway and in precinct one will vote at a box which will be established at a point near the college.

## Propose Motor Trip Into Palo Duro Canyons

Plans are being considered at this time for a motorcade into the Palo Duro Canyons before the end of the summer, according to Travis Shaw who is taking an active part in an attempt to establish a state park in the Palo Duro Canyons.

Mr. Shaw was in Amarillo early this week conferring with R. E. Townsend who is secretary of the Palo Duro Park association, regarding such a motorcade.

Should any plans materialize regarding the motorcade they plan to leave San Antonio and follow the Old Chisolm cattle trail into the Panhandle, with a visit to the canyons as the objective.

Governor Moody has already endorsed the idea of a motorcade into the Panhandle and states that he will be glad to lead the caravan of sightseers, should such a trip be made.

Mr. Shaw expects a definite announcement, either rejecting or endorsing such a plan, following the next meeting of the park association of which Sam Braswell, of Clarendon is president.

### CAR DELIVERIES

Miss Clara Brian, New Ford Tudor Sedan.

Adrian Walker, Amarillo, New Ford DeLuxe Coupe.

Sammie Hill, Model A Ford Sport Roadster.

J. W. Tatum, Amarillo, Model A Ford Sport Coupe.

Guy Dixon, Amarillo, Model A Ford Tudor Sedan.

Earl Robertson, Amarillo, used Roadster.

W. L. Covington, new Ford Tudor Sedan.

L. C. Johnston, new Ford Standard Coupe.

W. E. Bennett, new Chevrolet truck.

A. L. Klein, new Chevrolet truck.

F. B. Desmond, new Chevrolet coach.

Raymond Gulledge, new Chevrolet coach.

R. B. Meredith, used Chevrolet coach.

J. S. Hand, used Chevrolet sedan.

I. N. Wester, new Chevrolet sedan.

White Griffitts, used Chevrolet truck.

R. C. Henry, new Chevrolet truck.

Elbert Gee, used Ford sedan.

White Griffits, new Chevrolet truck.

E. L. Prichard, used Chevrolet coach.

Mrs. Millard Word returned Saturday to her home in Amarillo after a two weeks visit with her parents, Dr. and Mrs. S. L. Ingham, of this city.

Mr. and Mrs. A. R. Eastwood visited relatives in Plainview Sunday.

## WHEAT HARVEST IS WELL UNDER WAY IN COUNTY

### 43 CARS HAVE BEEN SHIPPED FROM CANYON.

**Average Yield May Reach 10 Bushels Per Acre; Tests Are High; Protein is Low.**

Continued hot dry weather has been of very much aid to the wheat harvesters in Randall county this week. The combines are running almost continuously, day and night.

Forty-three cars of wheat from the 1930 crop had been shipped from Canyon late yesterday. Thirty-three of these from the Neff Elevator and 10 from the Canyon Grain and Elevator.

From reports varing, the general wheat yield for the entire county estimated from 8 to 10 bushels per acre. A large number of farmers state that they are making a better yield than was expected.

The tests this year are running very high, in fact, the most of the wheat is being graded as number 1 wheat. The protein tests however, are not very high, ranging from 11 to 13.

Price paid by local grain men yesterday was 66 cents.

According to H. J. Miller, manager of the elevator at Ralph switch between Canyon and Happy reports that they are receiving quite a bit of wheat there.

## *College Directory Is Being Printed*

A student and faculty directory of the college which is being published by the News plant will be printed within a few days and ready for distribution.

The directory will be complete and give a full list of the faculty and student roster for the summer term.

## *Pioneer of Canyon Dies in Tennessee*

W. G. Gilliam, the father of Mrs. E. Burroughs of this city and a pioneer of this section, died Saturday morning at Gallitan, Tenn.

Mr. Gilliam was an old-timer in this part of the country and lived here until 1915. Mrs. Burroughs was unable to attend the funeral.

### PURSE STOLEN WEDNESDAY

A purse containing small change and several rings valued at less than $100, and belonging to Mrs. A. B. Duncan, was stolen from the Guaranty Abstract office during the absence of Mrs. Duncan from the office Wednesday morning.

Two boys seen in the office were arrested following the discovery of the loss of the purse. They gave their address as Chillicothe, but no evidence of the purse or contents were found on them when searched. They were held on suspicion.

## Largest Fire of Year Early Sunday Burns Two Firms

Fire of unknown origin in Mark's Bakery and Mark's Sandwich Shop on the east side of the square was discovered at 3:25 o'clock Sunday morning, by Night Watchman Chas. Stratton.

The fire had gained great headway before the fire department arrived, but was held in check with no damage extending further than the bakery and sandwich shop.

Mark's Bakery, owned and operated by Mark A. Foster, was a total loss, partly covered by insurance.

The Sandwich Shop owned by Mark L. Foster, was partly destroyed by the fire and damaged further by water, was also partly covered insurance.

The two small frame buildings which are the property of B. S. Livingston, were partly covered by insurance.

When first discovered the fire was burning rapidly around the flue in the bakery.

The loss on all the property is estimated at $2,250 which is the greatest single fire loss in Canyon so far this year.

## Repair Lights On Automobiles Chief Hicks Says

Chief of Police Frank Hicks states that those automobile drivers who have bad lights on their vehicles will find it both profitable and pleasant to repair same.

At this time Chief Hicks is waging a war on those who drive without all the lights in good condition.

He has been kindly warning those who are driving with improper lights to have them repaired, the first time he stops them. The next time a fine and the cost of repairing the lights is assessed.

In one night he warned 56 motorists in Canyon to have their lights repaired. During the past two or three nights he has "handed" tickets to several.

A few months ago such a war was waged against drivers in this county and good results were obtained with little trouble, but here of late numbers of automobiles are being driven at night with the lights in bad condition such as only one head light, one head light and one tail light, or two head lights and no tail light.

### GATHERING WHEAT EXHIBIT

County Agent W. H. Upchurch is spending most of his time in the wheat fields this week in an effort to collect a good exhibit of threshed wheat and wheat heads for his general farm exhibit to be displayed next spring and winter at the various fairs and farm shows.

He is also gathering exhibits of oats, barley, rye and other small grains and will appreciate samples donated by anyone who may care to do so.

## GAP IN ROAD TO AMARILLO TO BE PAVED

### WORK ON PAVING WILL BEGIN AT EARLY DATE.

**Delay of Almost a Year Was Ended By Announcement of State Highway Department.**

A delay of almost a year in the paving of the gap between the end of the Randall county highway and the city of Amarillo, a distance of eight tenths of a mile, was terminated by an announcement from the State Highway commission yesterday that it had awarded $12,846 as its part of the project.

A contract was let on July 23, 1929 for the paving of the short strip of road, but the state department did not agree to aid in the project and since that time the City Commission of Amarillo has been attempting to obtain state aid. The contract for paving the gap, was awarded to the firm of Wilmering and Mullen. They will move their equipment and machinery on the grounds today and begin work immediately it was announced this morning.

The contract in the amount of $47,531.33 covers paving of the road from the Randall paving to Harrison and Thirty-sixth streets. Mayor Thompson stated the contract is still valid and that the construction company has been awaiting the awarding of aid to start to work.

Two provisions were attached to the award by the state commission. The first is that Amarillo will supervise the work under plans accepted by the highway commission. The other is that the city of Amarillo will provide paving 36 feet wide if parallel parking is to be enforced, and 42 feet wide if anble parking.

Both of these conditions, Mayor Thompson states, are already met.

The paving of this gap will give continuous all-weather roads from Canyon to Pampa. Completion of paving already financed by counties will give a paved road on highway 33 from the west county line of Randall all the way to the Oklahoma line in Lipscomb county.

## *New J. P. Court is Established Monday*

A new Justice Court for Randall county was created Monday by the County Commissioners Court in session here.

The court will be established in Precinct A, which is the part of Amarillo which is in this county. W. C. Stevenson was appointed by the Commissioners as the Justice of Peace and a building to be used in holding court has been leased.

All cases coming under the jurisdiction of the Justice Court in the north part of the county will be tried there.

Do your shopping in Canyon.

## CITY PROPOSES TO PAVE 12 BLOCKS AT ESTIMATED COST OF MORE THAN $32,000; TO HEAR PROPERTY OWNERS

**Agreement is Reached By City Commission and C. N. Harrison; College Funds are Available for Paving Their Part.**

An agreement was reached between the City Commission and C. N. Harrison contractor, at a meeting of the Commission on Monday night in regard to the proposed paving of 12 city blocks, the cost of which is estimated at $32,265.14.

Although no contract has been signed, it is expected that it will be signed within a few days. An official notice addressed to the property owners is being published this week.

The cost of the city's part of the paving is expected to be cared for out of the 1930 taxes, thus eliminating either the calling of a bond issue or the issuing of emergency warrants to care for the cost. The amount of the paving affecting the college has already been cared for through an appropriation of the last session of the legislature.

The paving is to be with 3 inch Vertical Fibre Brick on a natural foundation.

The paving which is proposed in the notice of the City Commission follows:

On Fifteenth Street from its intersection with the south property line of Fifth avenue to its intersection with the north property line on Sixth avenue. The estimated cost to be $2379.30. Also on Fifteenth street from the intersection with the north property line of Fourth avenue to its intersection with the south property line of Third avenue. The estimated cost to be $2371.45.

On Sixteenth Street, from its intersection with the south property line of Fifth avenue to its intersection with the north property line of Sixth avenue. The estimated cost is $1900.63.

On State street or Twenty-fourth street, from its intersection with the north line of the present paving on Fourth avenue to its intersection with the north property line on Second avenue. This is estimated to cost $6,248.33.

On Hemlock street or Twenty-sixth street, from its intersection with the south line of the present paving on Fourth avenue to its intersection with the south property line of Alder street, or Second avenue. The estimated cost is $5275.58.

On Second Avenue from its intersection with the west property line of State street to its intersection with the East line of the present paving on Twenty-third street. This estimated cost is $2709.73.

On Third avenue, from its intersection with the west property line of State street to its intersection with the east line of the present paving on Twenty-third street. The estimated cost on this is $2709.73. Also on Third avenue from its intersection with the west property line of Twentieth street to its intersection with the west line of the present paving on Twenty-third street. These three blocks are estimated to cost $8670.39.

The meeting to hear the petitions and objections of property owners and those interested which is called for July 11 will be held at the city hall.

The three blocks of paving on Third avenue from Twentieth street to Twenty-third street will go through the new addition that was opened up by the removal of the stock pens early in the spring.

## Two New Mexico Car Thieves Held Here by Officers

J. W. Edwards, alias Jack Langly and H. C. Cudd of Childress, were arrested late Monday afternoon by County Highway officer Bob Barnett, on the Amarillo highway near Hollywood, for the theft of an automobile from Albuquerque, N. M.

The two were first arrested because of suspicious movements on their part and because one of the men resembled the descriptions of one of the men who aided in the robbery of the Clarendon bank early Monday. The two were brought to Canyon where they were placed in the jail here. Clarendon officers and the cashier of the bank came here late Monday night to look at the pair and identify them as the two who held up the bank there. However, they failed to identify either as being implicated in the act.

Upon cross examination it was learned that the two had stolen the car in Albuquerque, and were enroute to Childress, their home. New Mexico police were informed that the car thieves were being held by the sheriff's department here and a message was received here Tuesday stating that officers would come for them if they waived extradition. The proper papers were signed late Tuesday and Edwards and Cudd will be removed to the Albuquerque jail.

The car they were driving was a Chevrolet roadster and was stolen from a rent-car agency in Albuquerque.

## Rotarians Hear Of Junior Red Cross Activities

The work of the Junior Red Cross was described to Rotarians Tuesday by Miss B. Jeannette Rufling, of St. Louis, who was the guest and speaker at the meeting of the Rotary Club.

Miss Rufling used the comparison of Rotary's motto, "Service Above Self," with that of the Junior Red Cross, which is, "I Serve." The President of the United States is the Chairman of the Red Cross and the funds are handled through the treasury department, with the most careful check being kept on the expenses of the organization.

The work of the Junior Red Cross is divided into several different departments which include, Disaster relief, War service, Nursing service, Public health, Home hygiene, Life saving, Volunteer service, and Veterans' Hospitals.

The Junior Red Cross is planning an International program for the school children, whereby they may carry on correspondence with school children in foreign nations, with letters being translated at a central point, so the children will receive them in the language in which they are to be read.

A new service is being inaugurated in this country and that is one of first aid on the highways. Special first aid stations will be established along the leading highways where the injured may receive the proper aid before a physician is summoned.

Visitors present Tuesday were: O. R. Allen, Irvin O. Tolzien, C. Dan Hughes, Allen Early, Geo- Hailey, Charlie Wolflin, Ed Enochs, H. A. Nobles, S. F. Sullenberger, R. A. Ford, E. J. McCartt, all of Amarillo, Miss B. Jeannett Rufling, St. Louis, and Fred E. Wortham, Canyon.

## *Gamewell Opens a Law Office Here*

W. I. Gamewell, attorney of Dallas has moved here and opened an office in the First National Bank building.

Mr. Gamewell who has been practicing in the state and federal courts for the past 15 years, has been in Dallas for four years.

Prior to moving to Dallas he was county attorney of Dallam county. He has practiced in several of the Panhandle towns.

Mrs. Gamewell and their son and daughter are moving here from Dallas and will occupy the Reid house on Fourth avenue.

## Shoppers Buy The Bargain Offers of Trades Day

Reports from the various merchants over town indicate that the Trades Day on Monday was one of the best for several months, despite the harvest being in full swing.

The crowds that came to town Monday were very small compared to the ones of other days but they took advantage of the Dollar Day features, which offered a savings of many dollars to the people of this territory.

The events held on the lawn for the smaller boys attracted quite a bit of attention. Added to the regular entertainment planned a few impromptu boxing matches were held between coming champions, using light weight boxing gloves.

### REGENT MEMBER VISITS HERE

Fred Martin of Fort Worth, a member of the Board of Regents of the College was here Tuesday afternoon visiting on the campus.

The Texas primary is only one month away. Up to this time not a great amount of interest has been taken in the primary, either from the standpoint of the state or the local campaign. But the time is not arrived when the voters are going to take a genuine interest as to whom they shall cast their vote on July 26th. It is said that there are too many candidates in the primary this year. The convention system was condemned because it was said that the individual voter did not get to express his preference, and that the public officers were thus hand-picked by a few. If the primary system is what it should be, the voters should have a number of candidates from whom to chose. Therefore, the safety of the primary and the safety of democracy depends upon the number of candidates who offer for office, rather than upon the few who may elect to make the race. However, the voter should not become confused during the next few weeks of the campaign by reports which may be started with the view of injuring some candidate for the benefit of another.

It is planned to keep before the people of Texas the need of a state system of parks until the legislature meets in January, and then attempt to put into law some plan to procure such a park system. The News was in error last week in stating that the West Texas Chamber of Commerce endorsed the plan presented last January in Austin which called for a driver's license fee, which would provide money to establish a park system. The West Texas Chamber of Commerce went on record as opposing additional tax measures, and the driver's license for the purpose of providing a park system was cut out of the resolution. But the park system was endorsed, as it has been by other commercial bodies and by public spirited citizens generally over the state. The big question now it, with everyone opposed to more taxes and tax measures, just how can the state take on another large obligation unless it further starves existing institutions. It is very, very easy to promote new ideas and new institutions in the state, but the fact should be kept in mind that every new institution creates the demand for more money, and with everyone calling for tax reduction, some institution will be badly hurt if new ones are created without providing the funds for their maintenance.

Senator Tom Love has invaded the Panhandle, pouring broad-sides into the candidacy of Clint Small. That is an admission that Clint is popular in West Texas and is going to get the bulk of the votes out this way. If Tom really thought that Clint wasn't much of a candidate, he would have stayed in Dallas and attempted to corral West Texas votes on the strength of his record as a Hoover followers. He made a feeble attempt to justify his stand on the Small land bill, by saying that he was for West Texas but believed the bill was all wrong. Those who saw and heard Tom Love fight West Texans who were attempting to defend their homes and their property against the Austin land-grabbers will recall no work from him in helping make the bill constitutional. All of Tom Love's efforts were spent in encouraging the invaders in their fight against the stalwart sons of the West who were fighting with their backs against the wall.

The victory of Dwight Morrow in New Jersey wis not particularly a wet victory. Morrow is a wet to be sure, and New Jersey is a wet state, therefore it would not be at all surprising to see a wet win, if he had other qualifications, which Morrow has. He is one of the wealthly, big business men of the country who has taken patriotism seriously, and is working for the benefit of the United States as a whole. The notable work he has accomplished in Mexico would win for him the nomination in most any state notwithstanding his declarion on the liquor question.

Jim Ferguson is invading the Panhandle this week. It is stated that Jim is hitting the trail in his usual forceful manner, and is gaining much strength for Mrs. Ferguson over the state. There is nothing so satisfactory to Jim Ferguson as a real red hot political campaign. The hotter it is the better he likes it. Jim is finding plenty to talk about in this campaign, and is said to be drawing big crowds. They like to see old Jim in action.

Pink Parrish did what we expected him to do—withdraw from the governor's race, and come out for his friend and neighbor, Clint Small. Senator Parrish is too good a politician to have his political future booted into the middle of the sea just to please the political bosses at Austin or any place else. His withdrawel means much the candidacy of Clint Small.

Lynch Davidson did the right thing in withdrawing from the governor's race. The News has gone down in defeat twice with Lynch Davidson. A defeated man can hardly ever stage a comeback. Lynch could have not commanded more than fifty percent of the vote he received four years ago, and therefore would have not counted in the campaign. He showed good political sense in getting out of the campaign.

From all over the Panhandle comes the report that the wheat is turning out much better than was expected a few weeks ago. The price has tumbled to a point below the cost of producing, therefore the farmer will not no money on the crop, but that is better than to lost the entire crop.

# HINTS FOR THE HOME

BY NANCY HART

### APPLES A STAND-BY

It sometimes happens that there are more apples in the house than you have immediate use for. Even if you have a good cold cellar in which to keep apples in barrels, it sometimes happens that the apples show signs of not keeping as well as expected. Moreover, there are times when a surplus in the market can be bought for a reasonable price, or a motor trip in the country may make it possible for you to buy a bargain in apples from some farmer. If you have more apples than you need immediately, remember that there are several ways to preserve apples to good advantage. Here are some that may prove of use to you:

### Apples and Pineapple

To every four pounds of apples, use one good-sized pineapple. Pare, quarter and core the apples, and after removing the skin and eyes of the pineapple, grate it. Mix a pound and a quarter of sugar and a quart of water, stir over the fire until the sugar is dissolved, add the grated pineapple and bring to the boiling point. Carefully slip in the apples (which have been previously boiled until tender in water and drained and simmered a few moments). Then can the mixture.

And now, while the apples are still good, make use of them several times a week for dessert. They are as good now as in the autumn, if they are nicely cooked.

### Apple Jelly

Wash apples and slice them without removing the skin or the seeds. Barely cover the fruit with water, and cook slowly until the apples are very tender; drain them through a jelly bag over night. To one pint of juice allow a pound of granulated sugar. Let the juice come to a boil, adding the sugar. Stir until the sugar is dissolved, then boil rapidly until the jelly point is reached, put in tumblers, and seal.

### Apple Preserves

These are made of sour apples, pared, cored, and quartered. Weigh them and use pound for pound of granulated sugar and apples. To each pound of apples allow a cup of water and the juice of two lemons and the grated rind of one. Boil the sugar and water, add the lemon and apples, and simmer until the apples are tender. Seal in jars and put in a place until wanted. These preserves are delicious eaten with spice or fruit cake.

### Apple Dumpling

Four large tart apples, one teaspoon of ground cinnamon, one teaspoon of salt, one cup of stale bread crumbs, four eggs. Pare and chop the apples; mix with the crumbs. Beat whites and yolks of eggs separately until very light. Add to the crumbs, yolk, salt, cinnamon, and nutmeg; then stir in the whites carefully. Mix. Boil in a well-greased mould, covered, for three hours. Serve with lemon sauce.

### Apple Fritters

Pare and core several apples. Cut crosswise in thin slices so each will be doughnut shaped. Dip in lemon juice and then sprinkle with brown sugar, cinnamon, and nutmeg. Dip in the usual fritter batter and fry quickly in hot fat. Sprinkle with powdered sugar just as served.

Fritters are one of those appetizing small things of the table that add an air to an otherwise rather ordinary meal. Here are some other good recipes for fritters for any one of the three meals:

## KNOW TEXAS

Texas produces one-third of the cottonseed products in the United States and contributes 45 per cent of exports in those commodities.

Texas is among the leading ten salt producing states in the Union. Nearly all the production is from Grand Saline and Palestine.

Texas is drained by 3,680 rivers, bayous and creeks including only creeks of sufficient importance to carry a name. The runoff into the Gulf of Mexico is estimated at 33,000,000 acre-feet annually. Mileage of the 3,680 streams is estimated by the State Board of Water Engineers at 125,000 miles.

From 1922 to 1929 inclusive Texas increased its electrical output nearly 310 per cent. Between 1927 and 1929 the increase was 53 per cent or in round numbers 962 million kilowatt hours.

## IN THE STILLY NIGHT

The latest sleep saving apparatus is a bottle warmer for baby's milk, which turns itself off automatically at just the right temperature.

The good old days were the ones when the only thing that traveled fast was bad news.

The kind of prosperity this country needs is the kind I can notice without a politician telling me about it.

Golfin' Gano ain't played me yet.

Here's the weekly lowdown on the candidates:

The candidates and me ain't attended any box suppers in the last few days but we sure are shelling the woods and creeks for votes. The dairymen had a good meeting last Thursday night. About fifty were out to hear the dairy specialist, counting the candidates. The business men of Canyon were invited to attend so several of the candidates went instead.

You see they let me in by courtesy, but the candidates had to prove that they were eligible to attend. And here's how they did it. You see, the dairymen said that any person connected with the cow industry would be more than welcome, so the candidates got together and proved that they were cowboys and they got into the meeting.

The defenition of a cowboy is one who can bulldog a steer, i. e. throw the bull. That's one outstanding quality of candidates in general.

When, o, when are you going to play me, Oscar?

The ink on last week's papers hadn't got dry before Lee Foster's spouse was stating that she had been out to the country club course with Lee and she sure did have a good time.

But poor Lee didn't say a word about the kind of a time it was for him. Now personally I expect it could be described in many and varied ways. Poor Lee, and all the rest who teach their wives to play golf.

However, I believe Ed Mickle has found a solution to keeping women at home when the men want to play golf, and that is to go out about five a. m. in the morning. He concluded that the women cannot do without their beauty sleep and naturally the men can play in peace.

Speaking for myself, that is fine from the standpoint of getting to enjoy your golf, but I prefer the sleep.

The madam and her husband went down to the Orange Golf Course Saturday eve and we noticed that Bill Denning, who owns the thing, has dressed his little caddies in white and that he has selected six boys, all of which are freckled faced and three are red headed. And as for service, they give it.

It seems that Oscar Gano was right way back yonder when he said that no column could successfully exist without the discussion of golf. Since then the Windbag has seen thriving times.

So that being the case, O. O. McIntire, the highest paid newspaper columnist in America, or at least one of the three highest paid columnists, has begun to mention it in his writings. He played his first round of golf a few days ago. Hooray for Odd.

Sussie, the office flapper is so dumb she thinks that the pitchers box ought to have a lid on it.

Also she thinks that Rudy Vallee is a place between two hills.

If it wasn't for the fact that someone would say I was copying I'd declare, "Ise simply regusted." The college golf course was opened Saturday with pomp and glory and not even I was invited down for the ceremonies, such as they were. Vince Reeves the other professional went down and saw it done in grand style.

Tom Love spoke in Amarillo a few night ago and from the way I heard one express his views about it, made me think there was "Love lost."

J. D. Gamble is wondering if Little Lindy has sprouted wings yet.

## Big Celebration Planned by Fair Officials July 4

People of the Panhandle are being invited to celebrate the Fourth of July in Amarillo with the Tri-State Fair association.

For their entertainment, fair officials have arranged a day of amusement and recreation, including a big card of motorcycle racing, followed by a program of games and contests, a thrilling stunt flying exhibition, and the most elaborate fireworks display ever seen in the Panhandle.

Jack Hall's ranch, three miles northwest of Amarillo, has been leased for the day, and those who wish to go for a day's outing may swim, fish, play games or have access to the picnicking equipment free.

The racing will start at 2 o'clock in the afternoon, at the Fair grounds track. There will be nine events and more than $600 is offered in prizes. Most of the races will be for professionals, and entries have been received from riders holding world records. A stock model race for local amateurs and a bicycle race for boys under 17 years old are added attractions.

A program of amusement will open at the ranch playground at 5 o'clock in the afternoon. There will be contests in swimming, diving, racing, horseshoe pitching, croquet and other events, and the daredevil flying demonstration will last 30 minutes, including the barrel roll, falling leaf, tail spin, upside down flying, and other stunts.

The fireworks display will be the most spectacular ever brought to the Panhandle, including about 100 distinct numbers. The following devices are included: Yellowstone wonders, Niagara Falls, Satanic wheels, birth of the sun, tri-colored wheel, Chinese multi-colored tree, signal flashlight, and dozens of others.

THE WEAKLY WINDBAG.
BY THE OFFICE LOAFER
ZZZZ

The kind of prosperity this country needs is the kind I can notice without a politician telling me about it.

Golfin' Gano ain't played me yet.

Here's the weekly lowdown on the candidates:

The candidates and me ain't attended any box suppers in the last few days but we sure are shelling the woods and creeks for votes. The dairymen had a good meeting last Thursday night. About fifty were out to hear the dairy specialist, counting the candidates. The business men of Canyon were invited to attend so several of the candidates went instead.

You see they let me in by courtesy, but the candidates had to prove that they were eligible to attend. And here's how they did it. You see, the dairymen said that any person connected with the cow industry would be more than welcome, so the candidates got together and proved that they were cowboys and they got into the meeting.

The defenition of a cowboy is one who can bulldog a steer, i. e. throw the bull. That's one outstanding quality of candidates in general.

When, o, when are you going to play me, Oscar?

The ink on last week's papers hadn't got dry before Lee Foster's spouse was stating that she had been out to the country club course with Lee and she sure did have a good time.

But poor Lee didn't say a word about the kind of a time it was for him. Now personally I expect it could be described in many and varied ways. Poor Lee, and all the rest who teach their wives to play golf.

However, I believe Ed Mickle has found a solution to keeping women at home when the men want to play golf, and that is to go out about five a. m. in the morning. He concluded that the women cannot do without their beauty sleep and naturally the men can play in peace.

Speaking for myself, that is fine from the standpoint of getting to enjoy your golf, but I prefer the sleep.

The madam and her husband went down to the Orange Golf Course Saturday eve and we noticed that Bill Denning, who owns the thing, has dressed his little caddies in white and that he has selected six boys, all of which are freckled faced and three are red headed. And as for service, they give it.

It seems that Oscar Gano was right way back yonder when he said that no column could successfully exist without the discussion of golf. Since then the Windbag has seen thriving times.

So that being the case, O. O. McIntire, the highest paid newspaper columnist in America, or at least one of the three highest paid columnists, has begun to mention it in his writings. He played his first round of golf a few days ago. Hooray for Odd.

Sussie, the office flapper is so dumb she thinks that the pitchers box ought to have a lid on it.

Also she thinks that Rudy Vallee is a place between two hills.

If it wasn't for the fact that someone would say I was copying I'd declare, "Ise simply regusted." The college golf course was opened Saturday with pomp and glory and not even I was invited down for the ceremonies, such as they were. Vince Reeves the other professional went down and saw it done in grand style.

Tom Love spoke in Amarillo a few night ago and from the way I heard one express his views about it, made me think there was "Love lost."

J. D. Gamble is wondering if Little Lindy has sprouted wings yet.

# Big Celebration Planned by Fair Officials July 4

People of the Panhandle are being invited to celebrate the Fourth of July in Amarillo with the Tri-State Fair association.

For their entertainment, fair officials have arranged a day of amusement and recreation, including a big card of motorcycle racing, followed by a program of games and contests, a thrilling stunt flying exhibition, and the most elaborate fireworks display ever seen in the Panhandle.

Jack Hall's ranch, three miles northwest of Amarillo, has been leased for the day, and those who wish to go for a day's outing may swim, fish, play games or have access to the picnicking equipment free.

The racing will start at 2 o'clock in the afternoon, at the Fair grounds track. There will be nine events and more than $600 is offered in prizes. Most of the races will be for professionals, and entries have been received from riders holding world records. A stock model race for local amateurs and a bicycle race for boys under 17 years old are added attractions.

### MISS VIDA SAVAGE WEDS R. WILLIAM BROWN FRIDAY

Simple and impressive in every way was the wedding ceremonial which united Miss Vida Savage and R. William Brown in marriage at the nine o'clock hour Friday morning, June 20, at the Sacred Heart Rectory of Amarillo. The ring ceremony was read by Father Caminsky.

Josephine Duflot, as maid of honor, to the bride, and Winston Savage as best man, were the only attendants in the wedding party. Miss Duflot has been a friend of the bride for a number of years. They were members of the same graduating class in college. The best man is the brother of the bride. The bride wore a traveling suit of blue and white with accesories of harmonizing colors.

Those who witnessed the ceremony were: Mr. and Mrs. F. E. Savage, parents of the bride, Mrs. Pete Carroll of Canadian, Sara Moore, and Mrs. Robert Foster.

After the Ceremony Mr. and Mrs. R. William Brown left for a honeymoon trip into the mountains of northern New Mexico. They will make their home in Canadian.

Mrs. Brown received her degree from W. T. S. T. C. in 1928. The year following her graduation she taught at Rogers, New Mexico, and last year she was a member of the Canadian High School faculty. While in school here she was active in student social and scholastic circles. She was a member of the Elapheian Literary Society and of the Dramatic Club.

Mr. Brown is the son of Mr. and Mrs. R. W. Brown of Canadian. He is associated with his father in the cattle business. He is a member of the Sigma Nu fraternity at the University of Oklahoma.

### LUBBOCK WOMAN HONORED WITH BRIDGE-LUNCHEON

As a special courtesy to Mrs. R. D. Moxley of Lubbock, Mrs. C. N. Harrison entertained the members of the Idle Hour bridge club of that city with a delightful bridge-luncheon at here home here Thursday.

Pink rosebuds and poppies centered the table at the luncheon hour hour when a two course repast was served at 12:30. Following the luncheon bridge was enjoyed during the afternoon hours.

A profusion of spring and summer flowers were arranged in the entertaining rooms and added much to the attractiveness of the setting.

Guests present included: Mrs. Moxley, the honoree; Mrs. R. S. Rodgers, Mrs. Calvin Henson, Mrs. H. B. Hawkins, Mrs. Jerry Jarrett, Mrs. R. S. Williams, Mrs. Guion Gregg, Mrs. P. F. Murray, Mrs. C. E. Roberts, Mrs. W. D. Warkins, Jr., Mrs. H. D. Chipley, all of Lubbock, and Mrs. Clifton Jarrett, Mrs. Wallace Clark, and Mrs. Bob Jarrett, of Canyon, and Mrs. O. W. H. Cook of Amarillo.

With cream cheese into which has been stirred a little thick cream, either sour or sweet, Danish cooks serve chopped leek or onion. They often use this for a sandwich filling.

### DELIGHTFUL LAWN-BRIDGE AT HARRISON HOME

One of the first out-door functions of the season was given Saturday when Mr. and Mrs. Claude Harrison and Mr. and Mrs. Wallace Clark entertained with bridge on the beautiful lawn of the Harrison home.

The delightful garden where the guests assembled at 8:30 is framed with tall shrubs and vines and centered with a lily and fish pond and a musical playing fountain. A rock garden with many varieties of cacti adds an interesting note to this picturesque spot.

Old-fashioned lanterns hung in the trees suffused a soft glow over the garden while brilliant searchlights were thrown upon the tables during the games. Cigars and gingerale frappe were served during the evening.

Following the games a delectable salad course was served to the members of the 1927 bridge club and and their husbands, the Cosmos club and the following special guests: Dr. and Mrs. W. B. Stevenson, Mr. and Mrs. Elmer Lewis, Mr. and Mrs. O. W. H. Cook all of Amarillo, and Mr. and Mrs. C. R. Burrow of Canyon.

### LOVELY BRIDGE AFFAIR AT H. B. HAMILL HOME

Shasti daisies, carnations and sweet peas were colorful decorations in the H. B. Hamill home when Mrs. Hamill, and her daughter-in-law, Mrs. Hubert Hamill, entertained with eight tables of bridge Friday afternoon. At the conclusion of the play a fruit salad course was served by the hostesses.

Guests present for the afternoon included: Mrs. L. Angel, Mrs. L. G. Allen, Mrs. Dan Sanders, Mrs. Davis Hill, Mrs. W. C. Black, Mrs. C. R. Burrow, Mrs. Robert Neblett, Mrs. Wallace R. Clark, Mrs. Joe Gamble, Mrs. S. L. Ingham, Mrs. C. H. Jarrett, Mrs. J. Wesley Kleinschmidt, Mrs. T. H. Knighton, Mrs. Clyde McElroy, Mrs. N. E. McIntire, Mrs. D. A. Shirley, Mrs. W. A. Warren, Mrs. Clyde Warwick, Mrs. J. S. Humphreys, Mrs. Travis Shaw, Mrs. H. F. Smith, Mrs. C. N. Harrison, Miss Alice Dawes, Miss Dalma Fry, Miss Irene Angel; and the following out-of-town guests: Mrs. Grayson Bell of Lubbock, and Mrs. O. W. H. Cook, Mrs. Anthony, Mrs. Pat Whittington, and Mrs. H. K. Stanfield, all of Amarillo.

### METHODIST W. M. S. HOLD BULLETIN MEETING TUESDAY

Members of the Methodist W. M. S., met Tuesday afternoon in the ladies parlor of the church for the regular bulletin and business meeting. The bulletin gave the outline and prayer of the Young People's Conference which will be held at Mount Sequoyah near Fayetteville, Ark., July 1 to 12.

Devotional was read by Mrs. Charles Dowlen. The society voted to hold bi-monthly meetings during the summer instead of weekly meetings which have been the custom. There will be no meeting next Tuesday.

Good roads do not necessarily make a town. The town has got to make itself.

### MAIDS AND MATRONS MEET WITH MRS. HAMILL

Members of the Merry Maids and Matrons club assembled at the home of Mrs. H. B. Hamill Saturday afternoon and enjoyed a delightful afternoon of forty-two. Carnations, sweet peas, and Shasti daisies added to the attractiveness of the reception rooms.

A refreshing frozen salad was served at the tea hour to the following: Mrs. J. A. Hill, Mrs. J. S. Humphreys, Mrs. C. A. Murray, Mrs. F. E. Savage, Mrs. A. W. Sternenberg, Mrs. L. Angel, Mrs. Wm. Ash, Mrs. C. R. Burrow, Mrs. Sue Donald, Mrs. J. L. Duflot, Mrs. C. R. Flesher, Mrs. Ed Harrell, Mrs. Clyde Warwick, Mrs. W. C. Kunze, Mrs. Geraldine Green, Mrs. Henrietta Scott, Mrs. R. P. Jarrett, Mrs. C. A. Pierle, Mrs. Claude Reeds, Miss Edna Graham, Miss Florence McMurtry, Miss Irene Angel, Miss Jennie C. Ritchie, Mrs. Grayson Bell of Lubbock, and Mrs. H. K. Stanfield, Mrs. O. W. H. Cook, and Miss Pearl Adams, all of Amarillo.

### MR. AND MRS. GREENFIELD HONORED WITH PARTY

Mr. and Mrs. J. Madison Daugherty entertained at their home Thursday evening honoring Mr. and Mrs. Verna Greenfield of Lubbock. Mr. Greenfield is a brother of the hostess.

Garden flowers were used as decorations in the entertaining suite and the Fourth of July motif furnished an attractive decorative theme for table accessories, favors and refreshments.

A delicious refreshment course was served to the guests of honor and the following: Mr. and Mrs. Flannigan Smith, Mr. and Mrs. Hubert Hartman, Mr. and Mrs. Hud Prichard, Mr. and Mrs. George Allen Farlow, and the host and hostess.

### MRS. WILLIAMS HOSTESS TO LAS SENORAS NUEVAS

Mrs. Owen Williams entertained the members of the Las Senoras Nuevas club with five tables of bridge at the home of Mrs. Hubert Hartman Wednesday afternoon. Garden flowers were used as decorations in the entertaining rooms.

A delectable ice course was served to the club members and the following special guests: Mrs. J. S. Humphreys, Mrs. A. R. Eastwood, Mrs. George Johnson, Mrs. Dewey Foster, Mrs. Roscoe Davis, Mrs. Clyde McElroy, Mrs. K. A. Britt, Mrs. Verna Greenfield of Lubbock, Mrs. E. L. Lemons of Lubbock, and Mrs. Sadie J. Hartman of Vinita, Okla.

### HAZEL WINEINGER IS HOSTESS TO FRIENDS

Miss Hazel Wineinger entertained a few of her friends at her home south of Amarillo Tuesday evening. Games were enjoyed during the evening and a refreshing ice course was served by the hostess.

Those present were: Miss Nell Thomas, Miss Udell Shero, Miss Lucy Schmitz, Miss Mabel Schmitz, Jess Thomas, Charles Wineinger, Edgar Williams, and Tom Smith.

### MRS. DICKERSON IS HOSTESS TO CLUB

Members of the Loyal Dozen met at the home of Mrs. N. T. Dickerson Friday afternoon. Mrs. Noel Beckett was honored with a miscellaneous household shower in celebration of her birthday.

Needlework furnished the diversion for the afternoon. Refreshments of sandwiches, cherry pie and whipped cream were served at the tea hour to the following: Mrs. C. C. Morton, Mrs. V. L. Briscoe, Mrs. Jay Prichard, Mrs. Harry Inman, Mrs. Terry Mayben, Mrs. Felix Pierce, Mrs. Noel Beckett, Mrs. Clifton Duke, Mrs. Ed Phillips and Mrs. Uriel Vincent of Borger.

### GAME TOURNAMENT IS INTERESTING

Bridge and forty-two were enjoyed by Canyon people at the game tournament given by the Legion members and Auxiliary at the American Legion Hall Tuesday evening. At the refreshment hour sandwiches and spiced punch were served the guests.

Mrs. R. E. Ball was in charge of the affair, assisted by Mrs. J. Wesley Kleinschmidt and Mrs. Roscoe Davis.

### BLUE BONNETS ARE ENTERTAINED AT KAY HOME

Mrs. Tom Kay was hostess to the members of the Blue Bonnett club at her home Thursday afternoon. The afternoon was pleasantly spent in doing needle work.

Prior to the refreshment hour a business meeting was held and the club ladies discussed plans for a picnic to be held July 4. A delicious ice course was served by the hostess at the tea hour.

### MR. AND MRS. McCLURE ATTEND BIRTHDAY DINNER

Mr. and Mrs. S. B. McClure and daughter, Miss Pearl, enjoyed a delicious dinner at the Hobart McManigal home in Happy Saturday evening in celebration of the first birthday of little Miss Doris Jean McManigal. Mrs. McManigal is a daughter of Mr. and Mrs. McClure.

Paris lives in its restaurants and if you wish to know Paris you'll live there, too.

### MRS. WALTERS ANNOUNCES DAUGHTER'S ENGAGEMENT

Mrs. T. H. Walters entertained at ther home in Tulia last Tuesday afternoon with a charming bridge party, announcing the engagement and approaching marriage of her daughter, Marjorie to Gordon Bain of Lubbock and formerly of Canyon. The wedding will take place Monday evening, June 30 at 8:30 o'clock at the Presbyterian Church in Tulia with Dr. George S. Slover of Amarillo officiating.

The reception suite of the Walters' home presented a lovely setting for the party. The bride-to-be's chosen colors of pink, orchid, green, yellow and white were used in the decorations, and garden flowers in the chosen shades, wedding bells and their appropriate touches were used in artistic profusion. In the games of bridge, with the tallies and score pads furthering the wedding note, there were five tables in play.

Refreshments were in the form of a golden wedding of ice cream with a diamond setting. Plate favors with such remarks as "Daisies will tell," and "The Bee in the Bonnett, Look and See what is on it" contained the announcement.

Frances Croson and Nell Walters from Canyon were present at the affair. Ex-students of the college who were present were: Hazelle Cantrell, Gladys Spear, Mary McGlaum, Mrs. Claude Dyer and Mattie Jordan.

Marjorie Walters will be remembered as one of the most outstanding students the college has produced. She received her B. A. degree from W. T. in 1929 with a major in the speech arts department. She received the Harley Sadler scholarship during her senior year.

### HILL AND DAWES GIVE BRIDGE AFFAIR MONDAY

Mrs. J. Davis Hill and Alice Dawes were joint hostesses at a bridge affair given at the Davis Hill home on Fourth avenue Monday afternoon at three o'clock.

Sweet peas and larkspur decorated the appointed rooms. Prizes were given for high and second score.

A salad course was served by the hostesses to: Miss Mabel Foster, Mrs. Doc McVickers, Mrs. Felix Phillips, Mrs. Bob Peace, Mrs. Grady Hazlewood and Mrs. Pat Whittington, all of Amarillo, Mrs. Hubert Hamill, Miss Dalma Fry, Miss Helen White Moore, Miss Sara Moore, Mrs. Lee Foster, Mrs. Bob Neblett, Mrs. Dan Sanders, Mrs. Everett Key, Josephine Duflot, Billie Ratliff, Thelma White, Ruth Patterson, Nancy Dawes, Mrs. Flannigan Smith, Miss Evelyn Shanklin, Miss Irene Angel, Mrs. Bob Foster, Mrs. Tommie Montfort, and Mrs. Henrietta Scott.

### WOOD-DOWNING NUPTIAL RITES ARE PERFORMED

Coming as a complete surprise at this particular time was the wedding of Miss Delpha Wood to Marion Downing, both of this city, and both ex-students of the college. The ring ceremony was performed in the minister's study of the Methodist Church at Pampa Saturday evening with the Rev. Thomas Brabham, officiating.

Those who witnessed the ceremony were Mrs. Charlie Rice of Pampa, sister of the bride, Frank Wood of Pampa, and Mr. and Mrs. Harry Wood and Miss Shirley Shook of Canyon.

Mr. and Mrs. Downing came to Canyon following the ceremony and expect to remain here a few days. Their plans for location are not yet definite.

Mrs. Downing is the daughter of Mr. and Mrs. Frank B. Wood of this vity. She has done all of her college work here, having done some of her senior work. She has made a place for herself in the student body for her work this past year as art editor of Le Mirage. She was also an active member of the art club.

The groom did his freshman work in the college here. Since that time he has been enrolled in the Amarillo Business College.

### MISS INA SIRES MARRIES HARRY S. EGGELING JUNE 15

Miss Ina Sires, daughter of Mr. and Mrs. O. B. Sires of Lamesa, became the bride of Harry S. Eggeling, Sunday, June 15, at the home of Major and Mrs. W. B. H. Birdwood, Los Angeles, California. The Rev. C. Sidney Maddox read the ceremony before an improvised altar of ferns and lillies.

Following the nuptials, Major and Mrs. Birdwood served a wedding breakfast. Mr. and Mrs. Eggeling selected the foothills of the Silver Lake district of Los Angeles, California, for their home.

Mrs. Eggeling is a native of Texas and attended both Tulia and Lubbock high school. Her college education was secured at the West Texas State Teachers College and Baylor University. She is widely known outside of her home state as the author of "Songs of the Open Range" which have attracted attention as well as her short stories and lectures of the "Cowboy, the Builder of the West."

Mr. Eggeling attended the University of Pennsylvania and studied both medicine and law but later chose a business career. He has been factory representative for a large eastern concern for several years.

### PRESBYTERIAN CHURCH HAS SOCIAL FUNCTION FRIDAY

Laughter and glee resounded through the basement of the Presbyterian Church when a large group of students and faculty members met to receive their M. A. degrees Friday evening.

Lively games and contests in geometry, botany and arithmetic made up the requirements for the M. A. degrees which consisted of sacks of jelly beans, flower seeds and the like.

Mrs. Millard Word conferred the "degrees" upon the lucky winners.

A delicious ice course was served to the group by the Women's Auxiliary.

### MRS. MAX O'BRIEN GIVES DINNER PARTY IN AMARILLO

Mrs. Max O'Brien, formerly Ernestine Williams, gave a dinner party at her home, 1611 Jackson street in Amarillo yesterday evening.

Guests from Canyon were Josephine Duflot, Sara Moore, and Mrs. Bob Foster.

### THE MISSES MALONE ENTERTAIN SATURDAY EVENING

Nine tables of bridge was the feature of the evening's entertainment given at Cousins Hall Saturday evening by Misses Tennessee and Fannie Malone. The Misses Malone had as their guests the members of the library staff and the single members of the faculty.

There was much excitement when it was announced that high score was to be a diamond pen and that Horace Morelock was to receive it. The prize proved to be a "dime and a pin" in a box. Consolation score went to Margaret Strain. The hostess told her that it would help her to beat next time and thereby presented her with an egg beater.

An ice course was served the guests.

### SAYS MOST HOSTESES FORGET COAT HANGERS

No matter how cordial the hostess, her commonest fault is that she forgets to provide enough clothes hangers for week-end guests. This, says the article, goes for both upstairs and downstairs closets, and the oversight starts the guests off with the embarrassment of having to ask for an extra hanger.

"The tragic part of this inconvenience," continues the article, "is the fact that it can be so easily and inexpensively remedied, but that nobody seems to do anything about it.

"There are hangers with little knobs that keep sleevless dresses from falling to the floor, hangers built especially for either men's or women's suits and, in fact, hangers to support any sort of a garment in a beneficial position. for a couple of dollars, a hostess can endow her closets with an air of comfort, convenience and plenty which is positively plutocratic."

The French put their babies in the parks just as we put keep-off-the-grass signs in our.

That man is a coward who is afraid to ask, when he sells, as much as he ought to get; and afraid to say how much he'll pay, and no more, when buying.

After being used, household paint brushes should be washed in kerosene or turpentine and suspended in linseed oil. Standing them in cold water tends to warp the bristles.

Gene Buck, producer of a dozen Follies spectacles, was one of the first theatrical men to hear Rudy Vallee try out his crooning songs. "Troubadour of the gum-chewers," was his approving verdict.

Ancestors, in the eyes of the descendants, are nearly always perfect. And why not? They posed on pedestals for the sake of the example to their progeny.

Mr. Brown is the son of Mr. and Mrs. R. W. Brown of Canadian. He is associated with his father in the cattle business. He is a member of the Sigma Nu fraternity at the University of Oklahoma.

### LUBBOCK WOMAN HONORED WITH BRIDGE-LUNCHEON

As a special courtesy to Mrs. R. D. Moxley of Lubbock, Mrs. C. N. Harrison entertained the members of the Idle Hour bridge club of that city with a delightful bridge-luncheon at here home here Thursday.

Pink rosebuds and poppies centered the table at the luncheon hour hour when a two course repast was served at 12:30. Following the luncheon bridge was enjoyed during the afternoon hours.

A profusion of spring and summer flowers were arranged in the entertaining rooms and added much to the attractiveness of the setting.

Guests present included: Mrs. Moxley, the honoree; Mrs. R. S. Rodgers, Mrs. Calvin Henson, Mrs. H. B. Hawkins, Mrs. Jerry Jarrett, Mrs. R. S. Williams, Mrs. Guion Gregg, Mrs. P. F. Murray, Mrs. C. E. Roberts, Mrs. W. D. Warkins, Jr., Mrs. H. D. Chipley, all of Lubbock, and Mrs. Clifton Jarrett, Mrs. Wallace Clark, and Mrs. Bob Jarrett, of Canyon, and Mrs. O. W. H. Cook of Amarillo.

With cream cheese into which has been stirred a little thick cream, either sour or sweet, Danish cooks serve chopped leek or onion. They often use this for a sandwich filling.

### DELIGHTFUL LAWN-BRIDGE AT HARRISON HOME

One of the first out-door functions of the season was given Saturday when Mr. and Mrs. Claude Harrison and Mr. and Mrs. Wallace Clark entertained with bridge on the beautiful lawn of the Harrison home.

The delightful garden where the guests assembled at 8:30 is framed with tall shrubs and vines and centered with a lily and fish pond and a musical playing fountain. A rock garden with many varieties of cacti adds an interesting note to this picturesque spot.

Old-fashioned lanterns hung in the trees suffused a soft glow over the garden while brilliant searchlights were thrown upon the tables during the games. Cigars and gingerale frappe were served during the evening.

Following the games a delectable salad course was served to the members of the 1927 bridge club and and their husbands, the Cosmos club and the following special guests: Dr. and Mrs. W. B. Stevenson, Mr. and Mrs. Elmer Lewis, Mr. and Mrs. O. W. H. Cook all of Amarillo, and Mr. and Mrs. C. R. Burrow of Canyon.

### LOVELY BRIDGE AFFAIR AT H. B. HAMILL HOME

Shasti daisies, carnations and sweet peas were colorful decorations in the H. B. Hamill home when Mrs. Hamill, and her daughter-in-law, Mrs. Hubert Hamill, entertained with eight tables of bridge Friday afternoon. At the conclusion of the play a fruit salad course was served by the hostesses.

Guests present for the afternoon included: Mrs. L. Angel, Mrs. L. G. Allen, Mrs. Dan Sanders, Mrs. Davis Hill, Mrs. W. C. Black, Mrs. C. R. Burrow, Mrs. Robert Neblett, Mrs. Wallace R. Clark, Mrs. Joe Gamble, Mrs. S. L. Ingham, Mrs. C. H. Jarrett, Mrs. J. Wesley Kleinschmidt, Mrs. T. H. Knighton, Mrs. Clyde McElroy, Mrs. N. E. McIntire, Mrs. D. A. Shirley, Mrs. W. A. Warren, Mrs. Clyde Warwick, Mrs. J. S. Humphreys, Mrs. Travis Shaw, Mrs. H. F. Smith, Mrs. C. N. Harrison, Miss Alice Dawes, Miss Dalma Fry, Miss Irene Angel; and the following out-of-town guests: Mrs. Grayson Bell of Lubbock, and Mrs. O. W. H. Cook, Mrs. Anthony, Mrs. Pat Whittington, and Mrs. H. K. Stanfield, all of Amarillo.

### METHODIST W. M. S. HOLD BULLETIN MEETING TUESDAY

Members of the Methodist W. M. S., met Tuesday afternoon in the ladies parlor of the church for the regular bulletin and business meeting. The bulletin gave the outline and prayer of the Young People's Conference which will be held at Mount Sequoyah near Fayetteville, Ark., July 1 to 12.

Devotional was read by Mrs. Charles Dowlen. The society voted to hold bi-monthly meetings during the summer instead of weekly meetings which have been the custom. There will be no meeting next Tuesday.

Good roads do not necessarily make a town. The town has got to make itself.

### MAIDS AND MATRONS MEET WITH MRS. HAMILL

Members of the Merry Maids and Matrons club assembled at the home of Mrs. H. B. Hamill Saturday afternoon and enjoyed a delightful afternoon of forty-two. Carnations, sweet peas, and Shasti daisies added to the attractiveness of the reception rooms.

A refreshing frozen salad was served at the tea hour to the following: Mrs. J. A. Hill, Mrs. J. S. Humphreys, Mrs. C. A. Murray, Mrs. F. E. Savage, Mrs. A. W. Sternenberg, Mrs. L. Angel, Mrs. Wm. Ash, Mrs. C. R. Burrow, Mrs. Sue Donald, Mrs. J. L. Duflot, Mrs. C. R. Flesher, Mrs. Ed Harrell, Mrs. Clyde Warwick, Mrs. W. C. Kunze, Mrs. Geraldine Green, Mrs. Henrietta Scott, Mrs. R. P. Jarrett, Mrs. C. A. Pierle, Mrs. Claude Reeds, Miss Edna Graham, Miss Florence McMurtry, Miss Irene Angel, Miss Jennie C. Ritchie, Mrs. Grayson Bell of Lubbock, and Mrs. H. K. Stanfield, Mrs. O. W. H. Cook, and Miss Pearl Adams, all of Amarillo.

### MR. AND MRS. GREENFIELD HONORED WITH PARTY

Mr. and Mrs. J. Madison Daugherty entertained at their home Thursday evening honoring Mr. and Mrs. Verna Greenfield of Lubbock. Mr. Greenfield is a brother of the hostess.

Garden flowers were used as decorations in the entertaining suite and the Fourth of July motif furnished an attractive decorative theme for table accessories, favors and refreshments.

A delicious refreshment course was served to the guests of honor and the following: Mr. and Mrs. Flannigan Smith, Mr. and Mrs. Hubert Hartman, Mr. and Mrs. Hud Prichard, Mr. and Mrs. George Allen Farlow, and the host and hostess.

### MRS. WILLIAMS HOSTESS TO LAS SENORAS NUEVAS

Mrs. Owen Williams entertained the members of the Las Senoras Nuevas club with five tables of bridge at the home of Mrs. Hubert Hartman Wednesday afternoon. Garden flowers were used as decorations in the entertaining rooms.

A delectable ice course was served to the club members and the following special guests: Mrs. J. S. Humphreys, Mrs. A. R. Eastwood, Mrs. George Johnson, Mrs. Dewey Foster, Mrs. Roscoe Davis, Mrs. Clyde McElroy, Mrs. K. A. Britt, Mrs. Verna Greenfield of Lubbock, Mrs. E. L. Lemons of Lubbock, and Mrs. Sadie J. Hartman of Vinita, Okla.

### HAZEL WINEINGER IS HOSTESS TO FRIENDS

Miss Hazel Wineinger entertained a few of her friends at her home south of Amarillo Tuesday evening. Games were enjoyed during the evening and a refreshing ice course was served by the hostess.

Those present were: Miss Nell Thomas, Miss Udell Shero, Miss Lucy Schmitz, Miss Mabel Schmitz, Jess Thomas, Charles Wineinger, Edgar Williams, and Tom Smith.

### MRS. DICKERSON IS HOSTESS TO CLUB

Members of the Loyal Dozen met at the home of Mrs. N. T. Dickerson Friday afternoon. Mrs. Noel Beckett was honored with a miscellaneous household shower in celebration of her birthday.

Needlework furnished the diversion for the afternoon. Refreshments of sandwiches, cherry pie and whipped cream were served at the tea hour to the following: Mrs. C. C. Morton, Mrs. V. L. Briscoe, Mrs. Jay Prichard, Mrs. Harry Inman, Mrs. Terry Mayben, Mrs. Felix Pierce, Mrs. Noel Beckett, Mrs. Clifton Duke, Mrs. Ed Phillips and Mrs. Uriel Vincent of Borger.

### GAME TOURNAMENT IS INTERESTING

Bridge and forty-two were enjoyed by Canyon people at the game tournament given by the Legion members and Auxiliary at the American Legion Hall Tuesday evening. At the refreshment hour sandwiches and spiced punch were served the guests.

Mrs. R. E. Ball was in charge of the affair, assisted by Mrs. J. Wesley Kleinschmidt and Mrs. Roscoe Davis.

### BLUE BONNETS ARE ENTERTAINED AT KAY HOME

Mrs. Tom Kay was hostess to the members of the Blue Bonnett club at her home Thursday afternoon. The afternoon was pleasantly spent in doing needle work.

Prior to the refreshment hour a business meeting was held and the club ladies discussed plans for a picnic to be held July 4. A delicious ice course was served by the hostess at the tea hour.

### MR. AND MRS. McCLURE ATTEND BIRTHDAY DINNER

Mr. and Mrs. S. B. McClure and daughter, Miss Pearl, enjoyed a delicious dinner at the Hobart McManigal home in Happy Saturday evening in celebration of the first birthday of little Miss Doris Jean McManigal. Mrs. McManigal is a daughter of Mr. and Mrs. McClure.

Paris lives in its restaurants and if you wish to know Paris you'll live there, too.

### MRS. WALTERS ANNOUNCES DAUGHTER'S ENGAGEMENT

Mrs. T. H. Walters entertained at ther home in Tulia last Tuesday afternoon with a charming bridge party, announcing the engagement and approaching marriage of her daughter, Marjorie to Gordon Bain of Lubbock and formerly of Canyon. The wedding will take place Monday evening, June 30 at 8:30 o'clock at the Presbyterian Church in Tulia with Dr. George S. Slover of Amarillo officiating.

The reception suite of the Walters' home presented a lovely setting for the party. The bride-to be's chosen colors of pink, orchid, green, yellow and white were used in the decorations, and garden flowers in the chosen shades, wedding bells and their appropriate touches were used in artistic profusion. In the games of bridge, with the tallies and score pads furthering the wedding note, there were five tables in play.

Refreshments were in the form of a golden wedding of ice cream with a diamond setting. Plate favors with such remarks as "Daisies will tell," and "The Bee in the Bonnett, Look and See what is on it" contained the announcement.

Frances Croson and Nell Walters from Canyon were present at the affair. Ex-students of the college who were present were: Hazelle Cantrell, Gladys Spear, Mary McGlaum, Mrs. Claude Dyer and Mattie Jordan.

Marjorie Walters will be remembered as one of the most outstanding students the college has produced. She received her B. A. degree from W. T. in 1929 with a major in the speech arts department. She received the Harley Sadler scholarship during her senior year.

### HILL AND DAWES GIVE BRIDGE AFFAIR MONDAY

Mrs. J. Davis Hill and Alice Dawes were joint hostesses at a bridge affair given at the Davis Hill home on Fourth avenue Monday afternoon at three o'clock.

Sweet peas and larkspur decorated the appointed rooms. Prizes were given for high and second score.

A salad course was served by the hostesses to: Miss Mabel Foster, Mrs. Doc McVickers, Mrs. Felix Phillips, Mrs. Bob Peace, Mrs. Grady Hazlewood and Mrs. Pat Whittington, all of Amarillo, Mrs. Hubert Hamill, Miss Dalma Fry, Miss Helen White Moore, Miss Sara Moore, Mrs. Lee Foster, Mrs. Bob Neblett, Mrs. Dan Sanders, Mrs. Everett Key, Josephine Duflot, Billie Ratliff, Thelma White, Ruth Patterson, Nancy Dawes, Mrs. Flannigan Smith, Miss Evelyn Shanklin, Miss Irene Angel, Mrs. Bob Foster, Mrs. Tommie Montfort, and Mrs. Henrietta Scott.

### WOOD-DOWNING NUPTIAL RITES ARE PERFORMED

Coming as a complete surprise at this particular time was the wedding of Miss Delpha Wood to Marion Downing, both of this city, and both ex-students of the college. The ring ceremony was performed in the minister's study of the Methodist Church at Pampa Saturday evening with the Rev. Thomas Brabham, officiating.

Those who witnessed the ceremony were Mrs. Charlie Rice of Pampa, sister of the bride, Frank Wood of Pampa, and Mr. and Mrs. Harry Wood and Miss Shirley Shook of Canyon.

Mr. and Mrs. Downing came to Canyon following the ceremony and expect to remain here a few days. Their plans for location are not yet definite.

Mrs. Downing is the daughter of Mr. and Mrs. Frank B. Wood of this vity. She has done all of her college work here, having done some of her senior work. She has made a place for herself in the student body for her work this past year as art editor of Le Mirage. She was also an active member of the art club.

The groom did his freshman work in the college here. Since that time he has been enrolled in the Amarillo Business College.

### MISS INA SIRES MARRIES HARRY S. EGGELING JUNE 15

Miss Ina Sires, daughter of Mr. and Mrs. O. B. Sires of Lamesa, became the bride of Harry S. Eggeling, Sunday, June 15, at the home of Major and Mrs. W. B. H. Birdwood, Los Angeles, California. The Rev. C. Sidney Maddox read the ceremony before an improvised altar of ferns and lillies.

Following the nuptials, Major and Mrs. Birdwood served a wedding breakfast. Mr. and Mrs. Eggeling selected the foothills of the Silver Lake district of Los Angeles, California, for their home.

Mrs. Eggeling is a native of Texas and attended both Tulia and Lubbock high school. Her college education was secured at the West Texas State Teachers College and Baylor University. She is widely known outside of her home state as the author of "Songs of the Open Range" which have attracted attention as well as her short stories and lectures of the "Cowboy, the Builder of the West."

Mr. Eggeling attended the University of Pennsylvania and studied both medicine and law but later chose a business career. He has been factory representative for a large eastern concern for several years.

### PRESBYTERIAN CHURCH HAS SOCIAL FUNCTION FRIDAY

Laughter and glee resounded through the basement of the Presbyterian Church when a large group of students and faculty members met to receive their M. A. degrees Friday evening.

Lively games and contests in geometry, botany and arithmetic made up the requirements for the M. A. degrees which consisted of sacks of jelly beans, flower seeds and the like.

Mrs. Millard Word conferred the "degrees" upon the lucky winners.

A delicious ice course was served to the group by the Women's Auxiliary.

### MRS. MAX O'BRIEN GIVES DINNER PARTY IN AMARILLO

Mrs. Max O'Brien, formerly Ernestine Williams, gave a dinner party at her home, 1611 Jackson street in Amarillo yesterday evening.

Guests from Canyon were Josephine Duflot, Sara Moore, and Mrs. Bob Foster.

### THE MISSES MALONE ENTERTAIN SATURDAY EVENING

Nine tables of bridge was the feature of the evening's entertainment given at Cousins Hall Saturday evening by Misses Tennessee and Fannie Malone. The Misses Malone had as their guests the members of the library staff and the single members of the faculty.

There was much excitement when it was announced that high score was to be a diamond pen and that Horace Morelock was to receive it. The prize proved to be a "dime and a pin" in a box. Consolation score went to Margaret Strain. The hostess told her that it would help her to beat next time and thereby presented her with an egg beater.

An ice course was served the guests.

### SAYS MOST HOSTESES FORGET COAT HANGERS

No matter how cordial the hostess, her commonest fault is that she forgets to provide enough clothes hangers for week-end guests. This, says the article, goes for both upstairs and downstairs closets, and the oversight starts the guests off with the embarrassment of having to ask for an extra hanger.

"The tragic part of this inconvenience," continues the article, "is the fact that it can be so easily and inexpensively remedied, but that nobody seems to do anything about it.

"There are hangers with little knobs that keep sleevless dresses from falling to the floor, hangers built especially for either men's or women's suits and, in fact, hangers to support any sort of a garment in a beneficial position, for a couple of dollars, a hostess can endow her closets with an air of comfort, convenience and plenty which is positively plutocratic."

The French put their babies in the parks just as we put keep-off-the-grass signs in our.

That man is a coward who is afraid to ask, when he sells, as much as he ought to get; and afraid to say how much he'll pay, and no more, when buying.

After being used, household paint brushes should be washed in kerosene or turpentine and suspended in linseed oil. Standing them in cold water tends to warp the bristles.

Gene Buck, producer of a dozen Follies spectacles, was one of the first theatrical men to hear Rudy Vallee try out his crooning songs. "Troubadour of the gum-chewers," was his approving verdict.

Ancestors, in the eyes of the descendants, are nearly always perfect. And why not? They posed on pedestals for the sake of the example to their progeny.

## *600 Visitors View Relics of P. P. H. S. Sunday Afternoon*

A crowd estimated at 600 passed through the Museum of the Panhandle-Plains Historical Society Sunday. A number of those coming in failed to register making it impossible to give the exact number.

The Museum was open from 2:30 p. m. until 6:00 p. m. People from all sections of the Panhandle took advantage of the opportunity to see the various collections housed therein. It is one of the most unique and valuable arrays in the entire Southwest, consisting of geological and anthropological specimens as well as relics of days when the Panhandle was no more than one great range.

Amarillo was more liberally represented than any other city Sunday afternoon, but people were registered from Hereford, Tulia, Happy, Claude, Pampa, Panhandle, and many others.

Visitors from the following states registered at the Museum Sunday: Arizona, Arkansas, Colorado, Illinois, Kansas, New Mexico, New York, North Carolina, Oklahoma, Tennessee, Texas and Virginia.

Distant points in Texas from which people came were: Aransas Pass, Waco, Big Spring, Tuscola, Kopperl, Dallas, Alpine, and Bonham. Other Texas towns represented in the registration were: Alanreed, Brownfield, Plainview, Ralls, Lubbock, Hereford, Pampa, Panhandle, Hedley, Clarendon, Olton, Post, Childress, Groom, Silverton, Claude, Turkey, Snyder, Drum, Tolar, Lorenzo, Bellvue, McAdoo, Wheeler, Throckmorton, Channing, Quail, Floydada, Canadian, Goldwaite, Hale Center, Jayton, Paducah, Stratford, Graham, Wellington, Quitaque and Peacock.

John D. Rockefeller was made a Boy Scout the other day. And since he was initiated during the $150,000 fund Sout drive he'll be expected, of course to act like a good scout.

A farmer in Pomeroy, O., keeps his chickens in a hearse. So that the hens may feel, no doubt, that it is better for them to lay than to be laid away.

They say that when an automobile backfires in Chicago passers-by instinctively throw up their hands.

A scientist says he can forsee the time when food will be obtained from the atmosphere. Well, we're not doing so badly at present with angel cake with frosting.

Some things are alright as far as they go, but a dilapidated flivver isn't one of them.

A man doesn't always reap what he sows. Edison invented the phonograph and now he's deaf.

The average woman may not know much about the highways but she is certainly posted on buy-ways.

**RELIEF FROM CURSE OF CONSTIPATION**

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store. City Pharmacy.

S. B. McClure transacted business in Amarillo Monday of this week.

Mr. and Mrs. Fred Drake of Dozier spent Sunday as guests in the D. M. Thomas home here.

Miss Hazel Wineinger returned Thursday from Drumright, Okla., where she has been visiting her sister.

Mr. and Mrs. G. G. Foster have had as their guests the past week, Mr. and Mrs. Fred Perryman and sons of Denver, Colo., Mr. and Mrs. Perryman were enroute to San Antonio for a vacation.

B. S. Livingston returned Sunday from Plainview where he has been visiting.

P. O. Nelson and grandson, Gene, of Independence, Kans., were week end guests in the home of Mr. and Mrs. Earl Robbins of this city. They left Monday for Douglas, Ariz., where they will visit Mr. P. O. Neilson's son, Hobart.

Mr. and Mrs. J. H. Lock, and son, Dudley, of Ft. Stockton, arrived Sunday for a visit with their daughter, Mrs. Felix Neff.

Mr. and Mrs. A. R. Eastwood visited in Plainview Sunday of this week.

Miss Elizabeth Walsh of Amarillo visited with friends in Canyon Saturday and Sunday.

Miss Bernice Tidwell of Ralls who is attending the summer session at W. T., and Miss Esther Shoults motored to Amarillo Monday.

Miss Elsie Eshresman spent Sunday with her parents at Kress.

Miss Twlia Bartley of Hiawatha, Kans., who is a student in the college here, was a guest in the R. E. Harrington home at Stratford over the week end.

C. E. (Tiny) Pipes of Pampa transacted business in Canyon Tuesday of this week.

Mrs. Vesta Turner and little son Leota Ray, returned Monday from Stratford where they visited over the week end with Mr. Turner and other relatives. Mr. Turner is a student in W. T.

Mr. and Mrs. Felix Pierce and young daughter, Fannie Alice, visited in Amarillo Sunday.

Mrs. C. W. Mays and son, C. W. Jr., returned Monday to their home in Corsicana, after a several weeks visit in the parental W. E. Lockhart home here.

Mr. and Mrs. D. D. Westfall and daughters, Dortha, George Anne, and Rachel, of Ranier, Ore., are guests in the G. A. Napier home this week. Mr. and Mrs. Westfall are ex-students of W. T.

D. A. Shirley and family left Wednesday for Ann Arbor, Michigan, where Mr. Shirley will study during the summer.

Miss Leta Cayton is attending the University at Boulder, Colorado, this summer.

## *600 Visitors View Relics of P. P. H. S. Sunday Afternoon*

A crowd estimated at 600 passed through the Museum of the Panhandle-Plains Historical Society Sunday. A number of those coming in failed to register making it impossible to give the exact number.

The Museum was open from 2:30 p. m. until 6:00 p. m. People from all sections of the Panhandle took advantage of the opportunity to see the various collections housed therein. It is one of the most unique and valuable arrays in the entire Southwest, consisting of geological and anthropological specimens as well as relics of days when the Panhandle was no more than one great range.

Amarillo was more liberally represented than any other city Sunday afternoon, but people were registered from Hereford, Tulia, Happy, Claude, Pampa, Panhandle, and many others.

Visitors from the following states registered at the Museum Sunday: Arizona, Arkansas, Colorado, Illinois, Kansas, New Mexico, New York, North Carolina, Oklahoma, Tennessee, Texas and Virginia.

Distant points in Texas from which people came were: Aransas Pass, Waco, Big Spring, Tuscola, Kopperl, Dallas, Alpine, and Bonham. Other Texas towns represented in the registration were: Alanreed, Brownfield, Plainview, Ralls, Lubbock, Hereford, Pampa, Panhandle, Hedley, Clarendon, Olton, Post, Childress, Groom, Silverton, Claude, Turkey, Snyder, Drum, Tolar, Lorenzo, Bellvue, McAdoo, Wheeler, Throckmorton, Channing, Quail, Floydada, Canadian, Goldwaite, Hale Center, Jayton, Paducah, Stratford, Graham, Wellington, Quitaque and Peacock.

John D. Rockefeller was made a Boy Scout the other day. And since he was initiated during the $150,000 fund Sout drive he'll be expected, of course to act like a good scout.

A farmer in Pomeroy, O., keeps his chickens in a hearse. So that the hens may feel, no doubt, that it is better for them to lay than to be laid away.

They say that when an automobile backfires in Chicago passersby instinctively throw up their hands.

A scientist says he can forsee the time when food will be obtained from the atmosphere. Well, we're not doing so badly at present with angel cake with frosting.

Some things are alright as far as they go, but a dilapidated flivver isn't one of them.

A man doesn't always reap what he sows. Edison invented the phonograph and now he's deaf.

The average woman may not know much about the highways but she is certainly posted on buyways.

**RELIEF FROM CURSE OF CONSTIPATION**

A Battle Creek physician says, "Constipation is responsible for more misery than any other cause."

But immediate relief has been found. A tablet called Rexall Orderlies has been discovered. This tablet attracts water from the system into the lazy, dry, evacuating bowel called the colon. The water loosens the dry food waste and causes a gentle, thorough, natural movement without forming a habit or ever increasing the dose.

Stop suffering from constipation. Chew a Rexall Orderlie at night. Next day bright. Get 24 for 25c today at the nearest Rexall Drug Store. City Pharmacy.

## News in Canyon 25 Years Ago

(From the files of the Canyon City News, Friday, June 23, 1905)

This issue of the News gives a full account of the death of C. W. Word, who died at his home near Happy on June 17.

Lots of freight going from here south.

Born: To Mr. and Mrs. Fulton Brown at Umbarger, Saturday, a girl.

Mrs. J. A. Grundy visited friends at Umbarger Sunday.

Rev. T. F. Robeson and wife left Wednesday for Umbarger where they expect to visit several days.

C. N. Harrison and wife returned Tuesday.

Miss Laura Wiggins has gone to Clarendon to attend the Normal.

Miss Annie Thompson of El Campo, Wharton county, sister of our townsman, T. C. Thompson, came in Friday and will probably remain over the summer.

Reese Huff has purchased the west end of his father-in-law's quarter block and will build a residence on it in the near future.

A. L. Anderson, formerly in business here, has moved his stock to Hale Center and will set up shop there.

Earl Heller of Buffalo Gap, a nephew of W. F. Heller, came in last week on a visit to his relatives.

Monday evening the following young ladies left here to attend the Normal at Clarendon: Misses Sadie Montgomery, Mary Wansley, Belle Shotwell, Freddie Curry, and May Madison. Wednesday, Miss Mae Lair left for the same place and purpose.

---

Household scientists have now produced a dry cleaning machine of about one gallon capacity which may be operated safely in cleaning party frocks, slippers, neckties, and other articles.

---

Youth is a glorious time but its pleasures and its triumphs are palely insignificant when compared to the ripeness of middle age.

---

What is one man's noise is another man's music. People are seldom annoyed by the noises they make themselves.

An error uncovered is an error half corrected.

### NOTICE .

**To all owning or claiming any property abutting upon the hereinafter mentioned portions of Streets and Avenues in the City of Canyon, Texas, and to all owning or claiming any interest in any such property:**

The Governing Body of the City of Canyon has ordered that the hereinbelow mentioned streets and avenues be improved by raising, grading and filling, and installing concrete curbs and gutters, and paving with 3 Inch Vertical Fibre Brick on Natural Foundation, together with incidentals and appurtenances, and contract has been made and entered into with C. N. Harrison, Contractor, for the making and construction of such improvements; estimate of the cost of such improvements for each such portion of street or avenue has been prepared.

The portions of streets and avenues so to be improved, together with the estimated cost of the improvements for each such portion of street or avenue, and the amount or amounts per front foot proposed to be assessed against the abutting property and the owners thereof, on each such portion of street, are as follows:

On FIFTEENTH STREET, from its intersection with the South property line of Fifth Avenue to its intersection with the North property line of Sixth Avenue, known and designated as Unit or District No. 1; the estimated cost of improvements is $2,379.30; the estimated amount per front foot to be assessed against abutting property and owners thereof for curb and gutter is $0.40; the estimated amount per front foot to be assessed against abutting property and owners thereof for improvements exclusive of curb and gutter is $2.60; total estimated amount per front foot to be assessed against abutting property and owners thereof is $3.00.

On FIFTEENTH STREET, from its intersection with the North property line of Fourth Avenue to its intersection with the South property line of Third Avenue, known and designated as Unit or District No. 2; the estimated cost of improvements is $2,371.45; the estimated amount per front foot to be assessed against abutting property and owners thereof for curb and gutter is $0.40; the estimated amount per front foot to be assessed against abutting property and owners thereof for improvements exclusive of curb and gutter is $2.60; total estimated amount per front foot to be assessed against abutting property owners thereof is $3.00.

On SIXTEENTH STREET, from its intersection with the South property line of Fifth Avenue to its intersection with the North property line of Sixth Avenue, known and designated as Unit or District No. 3; the estimated cost of improvements is $1,900.63; the estimated amount per front foot to be assessed against abutting property and owners thereof for curb and gutter is $0.40; the estimated amount per front foot to be assessed against abutting property and owners thereof for improvements exclusive of curb and guetter is $2.60; total estimated amount per front foot to be assessed against abutting property and owners thereof is $3.00.

On STATE STREET (24th Street), from its intersection with the North line of the present paving on Fourth Avenue to its intersection with the North property line of Second Avenue, known and designated as Unit or District No. 4; the estimated cost of improvements is $6,248.33; the estimated amount per front foot to be assessed against abutting property and owners thereof for curb and gutter is $0.40; the estimated amount per front foot to be assessed against abutting property and owners thereof for improvements exclusive of curb and gutter is $3.08; total estimated amount per front foot to be assessed against abutting property and owners thereof is $3.48.

On HEMLOCK STREET (26th Street), from its intersection with the South line of the present paving on Fourth Avenue to its intersection with the South property line of Alder Street (Second Avenue), known and designated as Unit or District No. 5; the estimated cost of improvements is $5,275.58; the estimated amount per front foot to be assessed against abutting property and owners thereof for curb and gutter is $0.40; the estimated amount per front foot to be assessed against abutting property and owners thereof for improvements exclusive of curb and gutter is $3.08; total estimated amount per front foot to be assessed against abutting property and owners thereof is $3.48.

On SECOND AVENUE, from its intersection with the West property line on State Street to its intersection with the East line of the present paving on Twenty-third Street, known and designated as Unit or District No. 6; the estimated cost of improvements is $2,709.73; the estimated amount per front foot to be assessed against abutting property and owners thereof for curb and gutter is $0.40; the estimated amount per front foot to be assessed against abutting property and owners thereof for improvements exclusive of curb and gutter is $2.60; total estimated amount per front foot to be assessed against abutting property and owners thereof is $3.00.

On THIRD AVENUE, from its intersection with the West property line of State Street to its intersection with the East line of the present paving on Twenty-third Street, known and designated as Unit or District No. 7; the estimated cost of improvements is $2,709.73; the estimated amount per front foot to be assessed against abutting property and owners thereof for curb and gutter is $0.40; the estimated amount per front foot to be assessed against abutting property and owners thereof for improvements exclusive of curb and gutter is $2.60; total estimated amount per front foot to be assessed against abutting property and owners thereof is $3.00.

On THIRD AVENUE, from its intersection with the West property line on Twentieth Street to its intersection with the West line of the present paving on Twenty-third Street, known and designated as Unit or District No. 8; the estimated cost of improvements is $8,670.39; the estimated amount per front foot to be assessed against abutting property and owners thereof for curb and gutter is $0.40; the estimated amount per front foot to be assessed against abutting property and owners thereof for improvements exclusive of curb and gutter is $3.70; total estimated amount per front foot to be assessed against abutting property and owners thereof is $4.10.

A hearing will be given and held by and before the Governing Body of the City of Canyon, Texas, on the 11th day of July, A. D. 1930, at 10 o'clock, A. M., in the City Hall, in the City of Canyon, Texas, to all owning or claiming any property abutting upon said portions of streets and avenues, and to all owning or claiming any interest in any such property. At said time and place all owning or claiming any such abutting property, or any interest therein, shall be and appear and will be fully heard concerning said improvements, the cost thereof, the amounts to be assessed therefor, the benefits to the respective parcels of abutting property by means of the improvements on the portion of street or avenue upon which the property abuts, and concerning the regularity, validity and sufficiency of the contract for, and all proceedings relating to such improvements and proposed assessments therefor, and concerning any matter as to which they are entitled to hearing under the law in force in the City and under the proceedings of the City with reference to said matters. Following such hearing assessments will be levied against abutting property and the owners thereof, and such assessments, when levied, shall be a personal liability of the owners of such property, and a first and prior lien upon the property as provided by the law in force in the City, and under which the proceedings are taken, being the Act passed at the First Called Session of the Fortieth Legislature of the State of Texas, known as Chapter 106 of the Acts of said Session.

The improvements on each said portion of street or avenue constitute an entirely separate and distinct unit of improvement, all to the same extent as if entirely separate and distinct proceedings had been taken with reference to the improvements and assessments therefor in connection with improvements on each such portion of street or avenue, and the assessments against the property abutting upon any unit shall be and are in nowise affected by any fact or circumstance relating to or connected with the improvements in other units.

Of all said matters and things, all owning or claiming any such property or any interest therein, as well as all others in any wise interested or affected, will take notice.

DONE by order of the City Council of the City of Canyon, Texas, this 23rd day of June, A. D., 1930.

(Seal) HARVEY CASH,
City Secretary,
City of Canyon, Texas.

## 'Konjola Worked Wonders in My Stubborn Case"

**Fort Worth Man Relieved of Severe Attack of Rheumatism Eagerly Praises New Medicine.**

MR. JOE CONNELY

"For over a year I suffered with muscular rheumatism," said Mr. Joe B. Connely, 504 Belknap street, Ft. Worth. "My entire body was a mass of aches and pains. Finally I was forced to give up my work and was confined to bed. The pains were so severe that I had to be moved very carefully and was helpless and bedridden for three months. My nerves were completely gone and I felt at times that I could not bear my suffering another day.

"I sent away for my frist treatment of Konjola and was amazed at the results. Within three weeks I was able to get up and around without assistance. Gradually the pain and soreness left me and I began to feel my old self again. My nerves settled, constipation was completely banished, and I do not remember when I have felt as well as I do now. Konjola certainly worked wonders in my case."

Though Konjola works quickly, and many sufferers are greatly benefitted in a week, a complete treatment of from six to eight bottles is recommended for thorough results.

Konjola is sold in Canyon at Jarrett's drug store, and by all the best druggists in all towns throughout this entire section.

# Etiquette Rules For the American Flag Are Given

During times of war the flame of patriotism flares to great heights and when peace comes the same flaming patriotism vanishes. There seems to be an utter disregard for the flag and the patriotism behind it and those who have not made nor offered to make the supreme sacrifice on the battlefield do not know the closeness of feeling between the veterans of the wars and the Stars and Stripes they sought to uphold and have upheld.

Here are the 24 rules of etiquette of the Stars and Stripes and they mean much in respect to the flag which is our emblem of protection and freedom. It would be well that they should be memorized or kept for future reference. Let us be ever-reverent toward "Old Glory."

1. The Flag should not be raised before sunrise and should be lowered at sunset. It should be hoisted briskly and should be lowered slowly and ceremoniously.

2. The Flag should be displayed on Patriotic and State holidays and on historic and special occasions.

3. The Flag should fly from every flag pole EVERY day in the year, weather permitting.

4. Every home, every industrial establishment, every public building should own a flag and display it.

5. The Flag with the staff or pole should be displayed during school hours upon every school house save in inclement weather when it should be displayed within the building.

6. The use of the Flag as a receptacle for receiving, holding, carrying or delivering anything should be prohibited.

7. The Flag should be displayed at every polling place in the United States.

8. When displayed at half mast, as on Memorial Day (May 30) it should first be raised to the top of the staff, then lowered to half-mast position. On Memorial Day it should remain at half-mast only until noon, and then hoisted to the top to remain until sunset.

9. Whenever the Flag is formally raised all present should stand at attention with right hand raised in salute position. The Flag should never be allowed to touch the ground.

Whenever the Flag is passing in parade the spectators, if walking, should halt, if sitting should rise, stand at attention and uncovered.

For school children in primary departments the following oral salute is recommended:

"We give our hands and our hearts to God and our Country—One Flag, One Country, One Language."

For advance pupils: "I pledge allegiance to the flag of the United States of America and to the Republic for which it stands; one nation, indivisible, with liberty and justice for all." These or similar lines should be learned by every American child, and those of foreign born parents, too.

10. When the Flag is used for decoration certain rules should always be followed:

(a) In crossing our Flag with any other flag the Stars and Stripes should be at the right.

(b) Should never be placed below a person sitting.

(c) Nothing should be allowed to rest upon it save the Bible.

(d) Should never be draped or twisted into rosettes, but always displayed full, open and free. Red, white and blue bunting should be used for drapery. When hanging bunting horizontally, the blue band should be on top.

"No advertisement should ever be placed on the flag—nor can it be used as or with a trademark. It should never be worn as a whole or part of costume. When worn as a badge should be pinned over left breast or in left lapel.

12. When the Flag becomes worn and dilapidated, it should be destroyed by burning without ceremony. No one being present save the person charged with destroying the flag.

13. Do not dip the Flag of the United States to any person or anything. The regimental color, State Flag or organization Flag will render this honor.

14. Do not display the Flag with the Union down except as a signal of distress.

15. No Flag or Pennant should be placed above the Flag of the United States. If displayed on the same level with any other flag, our Flag must be at the right.

16. Do not let the Flag of the United States touch the ground or the floor, or trail in the water.

17. Do not fasten the Flag in such a manner as will permit it to be easily torn, soiled or damaged.

18. Do not display the Flag on a float in a parade except from a Staff.

19. Do not use the Flag as a covering for a ceiling.

20. Do not carry the Flag flat or horizontally, but always aloft, full and free.

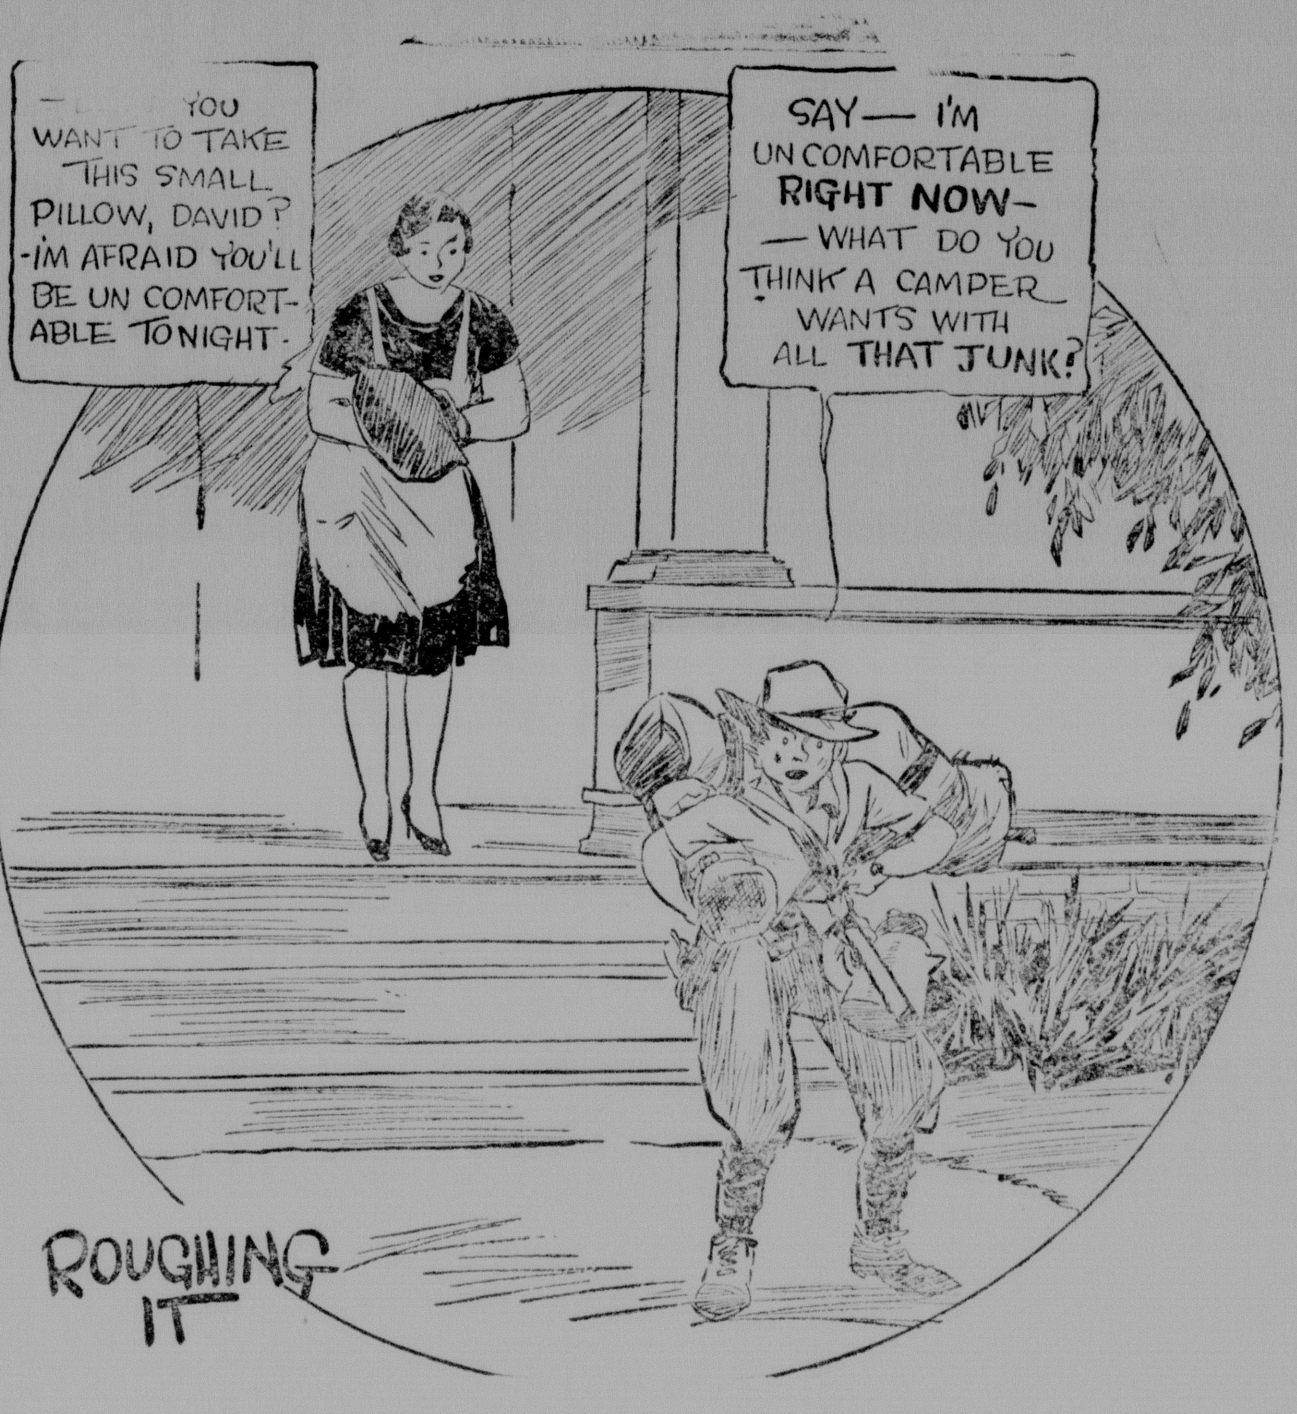
21. Do not fasten anything in the nature of advertising to a pole from which the flag si flown.

22. Federal Law prohibits the registering the Flag of the United States as a trade mark. Federal law provides penalties for the desecration, improper use or mutilation of the Flag in the District of Columbia.

23. Observe these Rules and maintain the traditions of our Flag, practically the oldest of all, the most beautiful and the Flag which has never known defeat.

24. International usage forbids the display of the Flag of one nation above that of another nation in time of peace.

## THE GREAT AMERICAN HOME



— YOU WANT TO TAKE THIS SMALL PILLOW, DAVID? -I'M AFRAID YOU'LL BE UN COMFORTABLE TONIGHT-
SAY— I'M UN COMFORTABLE RIGHT NOW— — WHAT DO YOU THINK A CAMPER WANTS WITH ALL THAT JUNK?

### A STAR FOR THE LEGION

By Bruce Catton

If you're inclined to think that the American Legion is simply a social organization in which former army men get together to talk over old times, hold conventions and dabble in politics, it might open your eyes to look into things a bit and examine some of the jobs that the legion undertakes on the side.

In the village of Otter Lake, Mich., the Michigan department of the legion is quietly and faithfully going ahead with a task that never gets a great deal of publicity but that provides, all by itself, a thoroughgoing answer to all of the critics of the legion.

At Otter Lake the Michigan Legionnaires have built a modern hospital and a group of cottages, on a 97-acre tract of land in pleasant, rolling country.

This institution they call the "Children's Billet." It is home for some 80 children, who otherwise would be having a pretty tough time of it in this world.

Some of these children are orphans—children whose fathers, war veterans, and others are dead. Others are the children of veterans who have run into tough luck. Perhaps the father was left a cripple by the war. Perhaps he has contracted tuberculosis or some other disease that has ended his career as a breadwinner. The mother, in some cases, is dead; in other cases, the father is dead and the mother is left with children she cannot support.

The Michigan Legionnaires make it their business to look out for such children. When they find them they bring them to Otter Lake. There the youngsters are given homes. The dreary, soul-killing air of the ordinary "orphan asylum" is missing. They have good, homelike rooms to sleep in. They have good food, expert medical attention, broad fields where they can play and scamper about and build up their bodies.

If one or both parents are alive the legion does what it can to make it possible for a normal home life to be resumed. Where the father or mother is entitled to a pension the legion sees to it that the pension is paid. If hospitalization is needed, it is obtained. If it is a job that is needed, the legion does its best to supply one. Wherever it is possible things are arranged so that the children's stay at Otter Lake can be short.

But where both parents are dead, or the home for any other reason is hopelessly shattered—then the legion sets itself to give the children a break throughout childhood.

The Otter Lake Billet is an inspiring place to visit. It is an inspiring place to read about. It is one of the finest things that any organization in America is doing. You might just keep it in mind the next time you are tempted to think that the legion is just another social or political organization.

### TAKING TO THE AIR

The American public is taking to the air.

Last year 90,000 persons made scheduled trips on passenger planes—double the 1928 number, and more will ride this year.

nmo The people are becoming air-minded. The airplane has ceased to be a novelty and has taken its place along with railroads, buses and automobiles as a standard mode of transportation.

Little more than a year has passed since the modern passenger transport planes came into use. They are models of comfort, speed and dependability.

Who can wonder that they are a popular means of travel.

### HOMESICK KIDS

Homesickness is due to lack of mental ability to make quick adjustments to new conditions. Such inability is a misfortune.

BANNER STEEL POSTS
THE POST WITH A BACKBONE

We recommend Banner Line Posts—made by the American Steel & Wire Company—because experience has proved their greater strength against strain in all directions.

Banner Steel Posts are easy to haul and drive. They hold the fence true to line because they are strong and provide solid anchorage. Continuous rows of notches on both sides of the face of the post allow attaching any or every line wire. The large slit-wing anchor roots the post into the ground as you drive it—anchors like a rock.

BANNER POST CLAMPS

You will find these clamps easy to fasten. They go around the post and hold the line wires—as well as barbed wire—securely to the post and do not allow slippage up, down or sideways. Easy to fasten. Seven free with each post.

## TODAY AND TOMORROW

FRANK PARKER STOCKBRIDGE

**BANKS**

A. P. Giannini told a Congressional committee the other day that branch banking would eventually supercede the present system of independent local banks in the United States, as it has done in Canada and largely in England. Small villages, he said, cannot support a bank with sufficient resources to meet the growing industrial needs of small towns.

Mr. Giannini is probably right. There are good-sized cities in the United States whose progress has been held back by lack of adequate local banking capital and by the narrow outlook of local bankers. The prejudice against "chain" ownership of any kind of business extends to banks as well as to stores, but as in the case of chain stores, the remedy is in the hands of the community. Independent banks, like retailers can compete with "chain" institutions if they will adopt the modern methods of the chains and provide themselves with sufficient resources to make competition effective.

**CRIPPLES**

One of the things which we are beginning to learn is that the worst thing we can do for a person who has been disabled by disease or accident is to coddle him or her, and the best thing that can be done is to train the remaining faculties to useful work.

The Veteran's Bureau has finished its rehabilitation work with men who were injured in the World Warf, and reports that every man who is capable of any sort of productive effort is now at work somewhere. But the Federal Government is co-operating with the states to provide the same sort of rehabilitation training for victims of industrial accidents and of crippling diseases like infantile paralysis. Only a few states are giving co-operation, but in those surprising results have been achieved.

Leaving out the benefit to society by not having to support the cripple in idleness, there is a definite value to the injured person in the discovery that he is still able to earn a living.

**STUPIDITY**

Customs officials in Seattle recently seized 120 copies of a German medical book, imported by a Seattle dealer for sale to the medical men of the Northwest. The ground for the seizure was that the contents of the book were "indelicate." The book is a learned treatise on biology, which word is merely a technical term meaning "life."

Life, apparently, is indelicate, in the eyes of the United States Customs. But human life only. Nobody tries to suppress books which deal with the breeding of livestock, dogs or poultry. Only when a book suggests that the life processes of human beings are similar to those of other animals do well-meaning but stupid officials interfere.

**LOWDOWN**

Victor V. Green runs what he calls "The Most Low-Down Paper on Earth." Its title is the Caochella Valley Submarine and it is published at Coachella, Riverside County, California, 76 feet below sea level.

Editor Green has a sense of humor, as is evidenced by the subtitle of his paper. He also has a sense of responsibility to his thriving agricultural community, as the local news in the "Submarine" clearly shows.

There are other valleys in California the bottoms of which are even farther below the level of the Pacific Ocean than this one. They are beds of ancient lakes which were once bays of the ocean before some prehistoric earthquake raised the land between them and the sea.

Old ocean beds make good farms everywhere. Holland's farms are almost entirely on reclaimed sea-bottom, and another 300,000 acres of ocean has just been diked off and is being pumped out to add to the agricultural area. Much of Florida's best land has only been reclaimed lately and now a project is on foot to irrigate the Sahara desert and make it the world's garden spot.

**WASHINGTON**

The National Capital is rapidly becoming the most beautiful city in America, one of the most beautiful cities of the world. I first went to Washington as a boy, nearly fifty years ago, and have seen it grow from a mudhole ornamented in spots with beautiful structures and monuments, into something which now begins to resemble the harmonious, stately design of the great Frenchman, Major L'Enfant, whom George Washington employed to lay out the city named after himself.

Just now there is being spent in Washington on public buildings and grounds, parkways and the like, a total of $314,250,000.

Washington was planned to face East and South from the Capitol and the White House, respectively. Real estate speculators of the 1790's bought up the desirable lots and held them at such high prices that the city grew North and West instead and new fronts had to be put on the White House and the Capital, the back doors of which faced the city as it is now.

### CONCERNING MARRIAGE

In their recent general conference at Dallas, Methodists voted to drop the words "serve" and "obey" from the marriage ceremony. Obedience, which has been for so long a part of the ceremony, has been frequently defied and is probably in the ritual because it has been handed down from the days of barbarism when men owned their women.

In fact, as far as the marriages are concerned, the two words have been dropped as idle and obsolete.

Women now have almost equal rights with men in both the home and in face of the law and if complete justice is given them, they will have equal freedom with the men.

This change in the interpretation of the ritual is probably for the best because the successful marriage and family must be a partnership, if happiness is to result.

It is too bad that the assessor doesn't value your car at as low as the figure the garage man when you are seeking to make a trade.

The pedestrian has the right-of-way, when he is riding in an ambulance.

### CUTTING OUT THE FRILLS

One of the crew of a big liner chanced to pick up a first-cabin menu card, and seeing at the top "Table d'hote," turned to his pal and inquired:

"What does this 'ere mean, Joe?"

"Well," said Joe, "it's like this 'ere. Them swells in the saloon have some soup, a bit of fish, a bit of this, and a bit of that, and a bit of summat else, and call it 'table dottie.' We have 'table dottie,' only we mixes it all together and calls it stew."—London Answers.

### WHAM!

A city visitor, from one of the wind-swept States, gazed intently at the spiral fire-escape that wound its way down the rear of a thirty story building.

"Gosh," he exclaimed. "That must have been a danged long ladder before the cyclone hit it."—Aggrievator.

## TODAY AND TOMORROW

FRANK PARKER STOCKBRIDGE

**BANKS**

A P. Giannini told a Congressional committee the other day that branch banking would eventually supercede the present system of independent local banks in the United States, as it has done in Canada and largely in England. Small villages, he said, cannot support a bank with sufficient resources to meet the growing industrial needs of small towns.

Mr. Giannini is probably right. There are good-sized cities in the United States whose progress has been held back by lack of adequate local banking capital and by the narrow outlook of local bankers. The prejudice against "chain" ownership of any kind of business extends to banks as well as to stores, but as in the case of chain stores, the remedy is in the hands of the community. Independent banks, like retailers can compete with "chain" institutions if they will adopt the modern methods of the chains and provide themselves with sufficient resources to make competition effective.

**CRIPPLES**

One of the things which we are beginning to learn is that the worst thing we can do for a person who has been disabled by disease or accident is to coddle him or her, and the best thing that can be done is to train the remaining faculties to useful work.

The Veteran's Bureau has finished its rehabilitation work with men who were injured in the World Warf, and reports that every man who is capable of any sort of productive effort is now at work somewhere. But the Federal Government is co-operating with the states to provide the same sort of rehabilitation training for victims of industrial accidents and of crippling diseases like infantile paralysis. Only a few states are giving co-operation, but in those surprising results have been achieved.

Leaving out the benefit to society by not having to support the cripple in idleness, there is a definite value to the injured person in the discovery that he is still able to earn a living.

**STUPIDITY**

Customs officials in Seattle recently seized 120 copies of a German medical book, imported by a Seattle dealer for sale to the medical men of the Northwest. The ground for the seizure was that the contents of the book were "indelicate." The book is a learned treatise on biology, which word is merely a technical term meaning "life."

Life, apparently, is indelicate, in the eyes of the United States Customs. But human life only. Nobody tries to suppress books which deal with the breeding of livestock, dogs or poultry. Only when a book suggests that the life processes of human beings are similar to those of other animals do well-meaning but stupid officials interfere.

**LOWDOWN**

Victor V. Green runs what he calls "The Most Low-Down Paper on Earth." Its title is the Caochella Valley Submarine and it is published at Coachella, Riverside County, California, 76 feet below sea level.

Editor Green has a sense of humor, as is evidenced by the subtitle of his paper. He also has a sense of responsibility to his thriving agricultural community, as the local news in the "Submarine" clearly shows.

There are other valleys in California the bottoms of which are even farther below the level of the Pacific Ocean than this one. They are beds of ancient lakes which were once bays of the ocean before some prehistoric earthquake raised the land between them and the sea.

Old ocean beds make good farms everywhere. Holland's farms are almost entirely on reclaimed sea-bottom, and another 300,000 acres of ocean has just been diked off and is being pumped out to add to the agricultural area. Much of Florida's best land has only been reclaimed lately and now a project is on foot to irrigate the Sahara desert and make it the world's garden spot.

**WASHINGTON**

The National Capital is rapidly becoming the most beautiful city in America, one of the most beautiful cities of the world. I first went to Washington as a boy, nearly fifty years ago, and have seen it grow from a mudhole ornamented in spots with beautiful structures and monuments, into something which now begins to resemble the harmonious, stately design of the great Frenchman, Major L'Enfant, whom George Washington employed to lay out the city named after himself.

Just now there is being spent in Washington on public buildings and grounds, parkways and the like, a total of $314,250,000.

Washington was planned to face East and South from the Capitol and the White House, respectively. Real estate speculators of the 1790's bought up the desirable lots and held them at such high prices that the city grew North and West instead and new fronts had to be put on the White House and the Capital, the back doors of which faced the city as it is now.

### CONCERNING MARRIAGE

In their recent general conference at Dallas, Methodists voted to drop the words "serve" and "obey" from the marriage ceremony. Obedience, which has been for so long a part of the ceremony, has been frequently defied and is probably in the ritual because it has been handed down from the days of barbarism when men owned their women.

In fact, as far as the marriages are concerned, the two words have been dropped as idle and obsolete.

Women now have almost equal rights with men in both the home and in face of the law and if complete justice is given them, they will have equal freedom with the men.

This change in the interpretation of the ritual is probably for the best because the successful marriage and family must be a partnership, if happiness is to result.

It is too bad that the assessor doesn't value your car at as low as the figure the garage man when you are seeking to make a trade.

The pedestrian has the right-of-way, when he is riding in an ambulance.

# Prexy First to Tee Off at Formal Opening of College Golf Course Saturday, P. M.

## *Ten Foursomes of Students and Faculty Play in Initial Games After Opening; Many Witness Games.*

Saturday afternoon at 4:30, June 21, marked the opening of the new College Golf Course with Mr. J. L. Duflot in charge of ceremonies.

A large crowd was on hand to see President Hill tee off the dedicating drive which was a smack long awaited by both the student body and the faculty. The complete course, and incidentally the drive, is the result of long and tedious striving on the part of authorities to secure grounds where student and faculty may give vent to a passion for seeing the little ball sail out into space yard after yard. It is more than that—it denotes another step up the ladder of progress for W. T.; it is further evidence of this school's tendency to provide the best possible in the line of sports.

The first foursome, composed of President Hill, Wallace Clark, Dean Jarrett and Doug Shirley, tee'd off in quick succession. They were followed by others, ten in all, made up of students and faculty members. The fair sex was well represented and showed amazing skill in swinging the unaccustomed clubs.

Mr. Duflot has explained the requirements for club membership. All players must register and present student activity tickets to person in charge before teeing off at the first hole. Trav Shaw, Jr., recently returned from Texas University where he has been the past year, is keeper, and will see that the greens are dragged each morning and that sand boxes are supplied with water for moistening sand. Score cards furnished thru the courtesy and kindness of The Buffalo will be on hand. They will contain a list of rules which it is advisable to read before playing.

In order that the course may be operated to the best advantage of all, Mr. Duflot has asked that the following ethical rules be observed:

Do not lay the scraper on the green after use. Lay it between the green and the marker. Some person threw one on the green, digging up dirt beneath the sand.

Girls wearing shoes having sharp heels more than one-fourth to three eighths inches in length please stay off greens. They are apt to cause holes destroying smoothness and making impossible accurate putts.

Mr. Duflot wishes to thank the faculty and students for their cooperation and readiness to assist him in his work with the project. Much interest has been consistently shown before completion. Mr. Duflot hopes that continued interest will make the spirit of competitive play bring to the front the sportsmanship that has won for golf the multitude of followers that it has in the past decade.

# Sheffy Will Visit Panhandle Towns In P. P. H. S. Work

Mr. L. F. Sheffy, secretary of the Panhandle-Plains Historica Society, left Monday afternoon for Pampa in the interest of the Society and the museum. He will go from Pampa to Mobeetie from whence he goes to Miami before returning the latter part of the week.

Mr. Sheffy is spending much of his time in all corners of the Panhandle gathernig material for the Society in addition to new members being enrolled continually.

Much interest is being manifested over the entire country in the proposed new Museum building, especially by the old-timers and those acquainted with the folklore of the old days. A number of them have made liberal contributions to the Museum Fund.

Plans for the building are materializing rapidly and it is hoped that actual construction work will begin before fall.

The only cure for civilization is more civilization.

### CITATION BY PUBLICATION

STATE OF TEXAS:
To the Sheriff or any Constable of Randall County, Greeting:

You are hereby commanded to summon John H. Stover, M. S. Summers, George Breidenbaugh, N. Ernest Bailey, A. S. Godfrey, James L. Powell, Dr. Arthur J. Puls, George E. Travis, Alfred Blegeberg, Edmund S. Strong, Allen Newton, David L. Hubbart, Joseph Jackson, Frank E. Gintz, F. Oscar Hoeppner, Henry B. Newton, George H. Lislie, W. A. Maddern, A. F. Stimmel, I. J. Gamble, John J. Mullowney, Mrs. Emma J. Alexander, S. C. Elliott, Harry Culbertson, F. Haberlein, Julius Dua, Mrs. J. L. McLean, R. H. Watkins, W. A. Hamilton, Ross Slack, George W. Horner and wife, Mrs. George W. Horner, C. J. Hoban, M. B. Benham, Thomas F. Morrin, Mrs. Ida E. Wescott, F. J. Beck, Charles E. Manby, Mrs. Florence E. Locke, F. S. H. Clarke, Harold Westall, S. D. Wilcox, Thomas Thompson, O. W. Jones, William A. Ormsby, O. H. Emerick, Miss Sarah H. McManus, Clarence Gilger, Paul LaLoge and John A. Kennedy by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to be and appear at the next regular term of the District Court of Randall County, Texas, on the first Monday in August, A. D. 1930, the same being the 4th day of August, A. D. 1930, then and there to answer a petition filed in said court on the 31st day of May, A. D. 1930, in a suit numbered on the docket of said court No. 1243, wherein W. B. Campbell and Clyde McElroy are plaintiffs and W. A. Patterson, John H. Stover, M. S. Summers, George Breidenbaugh, N. Ernest Bailey, A. S. Godfrey, James L. Powell, Dr. Arthur J. Puls, George E. Travis, Alfred Blegeberg, Edmund S. Strong, Allen Newton, David L. Hubbart, Joseph Jackson, Frank E. Gintz, F. Oscar Hoeppner, Henry B. Newton, George H. Lislie, W. A. Maddern, A. F. Stimmel, I. J. Gamble, John J. Mullowney, Mrs. Emma J. Alexander, S. C. Elliott, Black, Sivalls & Bryson, Inc., Harry Culbertson, F. Haberlein, Julius Dua, Mrs. J. L. McLean R. H. Watkins, W. A. Hamilton, Ross Slack, George W. Horner, and wife, Mrs. George W. Horner, C. J. Hoban, M. B. Benham, Thomas F. Morrin, Mrs. Ida E. Wescott, F. J. Beck, Charles E. Manby, Patterson Drilling Company, a corporation, Mrs. Florence E. Locke, F. S. H. Clark, Haroldl Westall, S. D. Wilcox, Thomas Thompson, O. W. Jones, William A. Ormsby, O. H. Emerick, Miss Sarah H. McManus, Acme Pipe & Supply Company, a corporation, Clarence Gilger, Paul LaLoge and John A. Kennedy are defendants, said petition alleging that on January 18, 1927, plaintiffs granted and delivered to W. A. Patterson an oil and gas lease covering the North ½ of Section 61 and all of Sections 60, 64 and 65, in Block K-14, T. T. R. R. Co. Surveys of lands, in Randall County, Texas, which oil and gas lease was filed for record and recorded in the deed records of Randall County, Texas; that a well was commenced under the terms of said lease; that on or about March 1, 1928, the drilling of said well was completely abandoned; that no other well was ever commenced on said land under said lease and no rentals were ever paid under the terms of said lease; that the defendants other than W. A. Patterson claim to have acquired some interest in the said lease while the same was still valid and outstanding; that all of said claims are based on the said oil and gas lease to W. A. Patterson which terminated on or about March 1, 1928; that the title of plaintiffs to their lands above described is clouded by reason of the filing of said lease and various assignments and other instruments of writing pertaining to the same, all of which have been recorded in the Deed Records of Randall County, Texas, and plaintiffs are entitled to a decree removing the cloud from thir title. Plaintiffs pray that defendants be cited and that on hearing they have judgment and decree adjudging said lease to be terminated and of no further force or effect and removing the cloud cast upon the title of plaintiffs to the said lands by reason of the filing and recording of said lease and the assignments and other instruments in writing affecting same, and for general relief.

Herein fail not, but have you before said Court on the said first day of next term thereof this writ with your return thereon, showing how you have executed the same.

Witness Berl E. Mayfield, Clerk of the District Court of Randall County, Texas.

Given under my hand and the seal of said Court in the city of Canyon, this 31st day of May, A. D. 1930.

(Seal) BERL E. MAYFIELD,
Clerk of the District Court of Randall County, Texas. 11t4

CONOCO
Celebrates its Conquest in America's Greatest Motor Classic!

GERM-PROCESSED is the First Stock Motor Oil to "place" in INDIANAPOLIS Speedway Races! .... Now PENETRATIVE LUBRICITY Proves it's Worth in the Terrific Punishment of Racing Motors

Dave Evans, driving a one hundred twenty-two cubic inch front drive Miller Special, placed sixth out of thirty-eight starters. Evans added less than one-half the amount of oil usually consumed in the average racing motor, in five hours, twenty-four minutes, fifty-four seconds of driving, at an average speed of 92.57 miles per hour.

*More than one hundred and seventy thousand* cheering, excited people, Friday, May 30, saw CONOCO do something that no other stock oil has ever done before! ... saw CONOCO'S claims for the sensational new Germ-Processed oil verified beyond the shadow of a doubt ... saw the supreme test applied to America's newest oil.. saw Germ-Processed oil "place" among the leaders of the Indianapolis Race ... saw CONOCO victorious in the domestic oil market of the Nation!

It was only good strategy for CONOCO to again bring the superiority of Germ-Processed oil to your attention in this sensational way. At a time when motorists in every section of the country have been lending willing ears to the story of the Germ Process ... learning that this is the first fundamental improvement in oils since 1901 ... reading the sensational disclosures of motor oil merit following the recent Pike's Peak Tests ... CONOCO, by this masterful stroke, crystallizes the already widespread conviction, that Germ-Processed Motor Oil is the safest oil for every-day driving in twenty-seven million cars.

For the Germ-Processed oil used in this race was the same stock oil that you can buy at any service station bearing the CONOCO Red Triangle! You never were told that about any other oil, were you? *Remember*, Germ-Processed is the first stock oil that ever "placed" in this race. Now CONOCO has proven its claims, confirmed its challenge and justified this request of you:

"If you value the life of your motor, if you would reduce your operating costs, if you want better lubrication than any other oil can give you, go to the Sign of the Red Triangle and ask for ...

CONTEST BOARD AAA CERTIFIED TEST

*The Contest Board of the AAA took all the necessary steps to make sure that the oil used was the regular Conoco Germ-Processed Motor Oil.*

# Prexy First to Tee Off at Formal Opening of College Golf Course Saturday, P. M.

## *Ten Foursomes of Students and Faculty Play in Initial Games After Opening; Many Witness Games.*

Saturday afternoon at 4:30, June 21, marked the opening of the new College Golf Course with Mr. J. L. Duflot in charge of ceremonies.

A large crowd was on hand to see President Hill tee off the dedicating drive which was a smack long awaited by both the student body and the faculty. The complete course, and incidentally the drive, is the result of long and tedious striving on the part of authorities to secure grounds where student and faculty may give vent to a passion for seeing the little ball sail out into space yard after yard. It is more than that—it denotes another step up the ladder of progress for W. T.; it is further evidence of this school's tendency to provide the best possible in the line of sports.

The first foursome, composed of President Hill, Wallace Clark, Dean Jarrett and Doug Shirley, tee'd off in quick succession. They were followed by others, ten in all, made up of students and faculty members. The fair sex was well represented and showed amazing skill in swinging the unaccustomed clubs.

Mr. Duflot has explained the requirements for club membership. All players must register and present student activity tickets to person in charge before teeing off at the first hole. Trav Shaw, Jr., recently returned from Texas University where he has been the past year, is keeper, and will see that the greens are dragged each morning and that sand boxes are supplied with water for moistening sand. Score cards furnished thru the courtesy and kindness of The Buffalo will be on hand. They will contain a list of rules which it is advisable to read before playing.

In order that the course may be operated to the best advantage of all, Mr. Duflot has asked that the following ethical rules be observed:

Do not lay the scraper on the green after use. Lay it between the green and the marker. Some person threw one on the green, digging up dirt beneath the sand.

Girls wearing shoes having sharp heels more than one-fourth to three eighths inches in length please stay off greens. They are apt to cause holes destroying smoothness and making impossible accurate putts.

Mr. Duflot wishes to thank the faculty and students for their cooperation and readiness to assist him in his work with the project. Much interest has been consistently shown before completion. Mr. Duflot hopes that continued interest will make the spirit of competitive play bring to the front the sportsmanship that has won for golf the multitude of followers that it has in the past decade.

# Sheffy Will Visit Panhandle Towns In P. P. H. S. Work

Mr. L. F. Sheffy, secretary of the Panhandle-Plains Historica Society, left Monday afternoon for Pampa in the interest of the Society and the museum. He will go from Pampa to Mobeetie from whence he goes to Miami before returning the latter part of the week.

Mr. Sheffy is spending much of his time in all corners of the Panhandle gathernig material for the Society in addition to new members being enrolled continually.

Much interest is being manifested over the entire country in the proposed new Museum building, especially by the old-timers and those acquainted with the folklore of the old days. A number of them have made liberal contributions to the Museum Fund.

Plans for the building are materializing rapidly and it is hoped that actual construction work will begin before fall.

**CITATION BY PUBLICATION**
STATE OF TEXAS:
To the Sheriff or any Constable of Randall County, Greeting:

You are hereby commanded to summon John H. Stover, M. S. Summers, George Breidenbaugh, N. Ernest Bailey, A. S. Godfrey, James L. Powell, Dr. Arthur J. Puls, George E. Travis, Alfred Blegeberg, Edmund S. Strong, Allen Newton, David L. Hubbart, Joseph Jackson, Frank E. Gintz, F. Oscar Hoeppner, Henry B. Newton, George H. Lislie, W. A. Maddern, A. F. Stimmel, I. J. Gamble, John J. Mullowney, Mrs. Emma J. Alexander, S. C. Elliott, Harry Culbertson, F. Haberlein, Julius Dua, Mrs. J. L. McLean, R. H. Watkins, W. A. Hamilton, Ross Slack, George W. Horner and wife, Mrs. George W. Horner, C. J. Hoban, M. B. Benham, Thomas F. Morrin, Mrs. Ida E. Wescott, F. J. Beck, Charles E. Manby, Mrs. Florence E. Locke, F. S. H. Clarke, Harold Westall, S. D. Wilcox, Thomas Thompson, O. W. Jones, William A. Ormsby, O. H. Emerick, Miss Sarah H. McManus, Clarence Gilger, Paul LaLoge and John A. Kennedy by making publication of this citation once in each week for four consecutive weeks previous to the return day hereof in some newspaper published in your County, if there be a newspaper published therein, but if not, then in the nearest County where a newspaper is published, to be and appear at the next regular term of the District Court of Randall County, Texas, on the first Monday in August, A. D. 1930, the same being the 4th day of August, A. D. 1930, then and there to answer a petition filed in said court on the 31st day of May, A. D. 1930, in a suit numbered on the docket of said court No. 1243, wherein W. B. Campbell and Clyde McElroy are plaintiffs and W. A. Patterson, John H. Stover, M. S. Summers, George Breidenbaugh, N. Ernest Bailey, A. S. Godfrey, James L. Powell, Dr. Arthur J. Puls, George E. Travis, Alfred Blegeberg, Edmund S. Strong, Allen Newton, David L. Hubbart, Joseph Jackson, Frank E. Gintz, F. Oscar Hoeppner, Henry B. Newton, George H. Lislie, W. A. Maddern, A. F. Stimmel, I. J. Gamble, John J. Mullowney, Mrs. Emma J. Alexander, S. C. Elliott, Black, Sivalls & Bryson, Inc., Harry Culbertson, F. Haberlein, Julius Dua, Mrs. J. L. McLean R. H. Watkins, W. A. Hamilton, Ross Slack, George W. Horner, and wife, Mrs. George W. Horner, C. J. Hoban, M. B. Benham, Thomas F. Morrin, Mrs. Ida E. Wescott, F. J. Beck, Charles E. Manby, Patterson Drilling Company, a corporation, Mrs. Florence E. Locke, F. S. H. Clark, Haroldl Westall, S. D. Wilcox, Thomas Thompson, O. W. Jones, William A. Ormsby, O. H. Emerick, Miss Sarah H. McManus, Acme Pipe & Supply Company, a corporation, Clarence Gilger, Paul LaLoge and John A. Kennedy are defendants, said petition alleging that on January 18, 1927, plaintiffs granted and delivered to W. A. Patterson an oil and gas lease covering the North ½ of Section 61 and all of Sections 60, 64 and 65, in Block K-14, T. T. R. R. Co. Surveys of lands, in Randall County, Texas, which oil and gas lease was filed for record and recorded in the deed records of Randall County, Texas; that a well was commenced under the terms of said lease; that on or about March 1, 1928, the drilling of said well was completely abandoned; that no other well was ever commenced on said land under said lease and no rentals were ever paid under the terms of said lease; that the defendants other than W. A. Patterson claim to have acquired some interest in the said lease while the same was still valid and outstanding; that all of said claims are based on the said oil and gas lease to W. A. Patterson which terminated on or about March 1, 1928; that the title of plaintiffs to their lands above described is clouded by reason of the filing of said lease and various assignments and other instruments of writing pertaining to the same, all of which have been recorded in the Deed Records of Randall County, Texas, and plaintiffs are entitled to a decree removing the cloud from thir title. Plaintiffs pray that defendants be cited and that on hearing they have judgment and decree adjudging said lease to be terminated and of no further force or effect and removing the cloud cast upon the title of plaintiffs to the said lands by reason of the filing and recording of said lease and the assignments and other instruments in writing affecting same, and for general relief.

Herein fail not, but have you before said Court on the said first day of next term thereof this writ with your return thereon, showing how you have executed the same.

Witness Berl E. Mayfield, Clerk of the District Court of Randall County, Texas.

Given under my hand and the seal of said Court in the city of Canyon, this 31st day of May, A. D. 1930.

(Seal) BERL E. MAYFIELD,
Clerk of the District Court of Randall County, Texas. 11t4

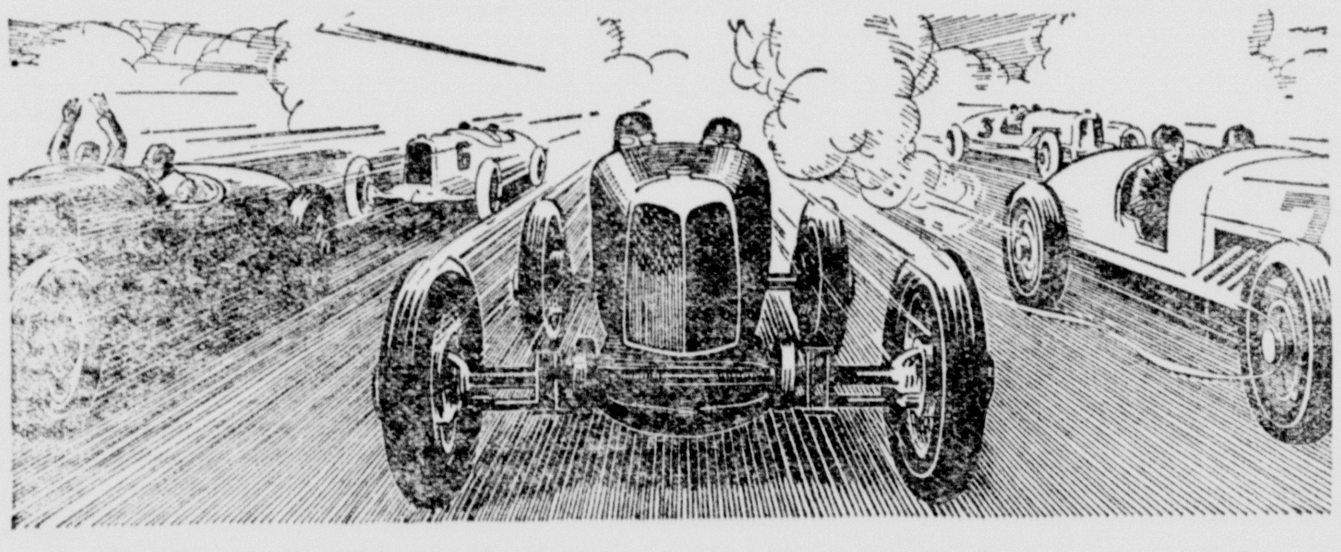
**CONOCO**
Celebrates its Conquest in America's Greatest Motor Classic!



GERM-PROCESSED is the First Stock Motor Oil to "place" in INDIANAPOLIS Speedway Races! . . . . Now PENETRATIVE LUBRICITY Proves it's Worth in the Terrific Punishment of Racing Motors

Dave Evans, driving a one hundred twenty-two cubic inch front drive Miller Special, placed sixth out of thirty-eight starters. Evans added less than one-half the amount of oil usually consumed in the average racing motor, in five hours, twenty-four minutes, fifty-four seconds of driving, at an average speed of 92.57 miles per hour.

*More than one hundred and seventy thousand* cheering, excited people, Friday, May 30, saw CONOCO do something that no other stock oil has ever done before! . . . saw CONOCO'S claims for the sensational new Germ-Processed oil verified beyond the shadow of a doubt . . . saw the supreme test applied to America's newest oil.. saw Germ-Processed oil "place" among the leaders of the Indianapolis Race . . . saw CONOCO victorious in the domestic oil market of the Nation!

It was only good strategy for CONOCO to again bring the superiority of Germ-Processed oil to your attention in this sensational way. At a time when motorists in every section of the country have been lending willing ears to the story of the Germ Process . . . learning that this is the first fundamental improvement in oils since 1901 . . . reading the sensational disclosures of motor oil merit following the recent Pike's Peak Tests . . . CONOCO, by this masterful stroke, crystallizes the already widespread conviction, that Germ-Processed Motor Oil is the safest oil for every-day driving in twenty-seven million cars.

For the Germ-Processed oil used in this race was the same stock oil that you can buy at any service station bearing the CONOCO Red Triangle! You never were told that about any other oil, were you? *Remember,* Germ-Processed is the first stock oil that ever "placed" in this race. Now CONOCO has proven its claims, confirmed its challenge and justified this request of you:

# Dairy Herds In County Interest Dairy Speaker

Speaking to a small audience of about 50 Randall county dairymen in the district court room last Thursday night, Dr. J. L. McClain, dairy specialist of the U. S. Department of Agriculture, paid high tribute to those of Randall county who are taking an active part in the development of the dairy industry of the Panhandle.

In the beginning the speaker asserted that he was at a loss to know what to say to a group of dairymen who has been able, by scientific breeding and careful feeding methods to build up some of the best grade and purebred herds in the Southwest. He declared that he was surprised at the wonderful herds that he had seen in the Panhandle in the past week.

It is his belief that a good quality of products will aid in holding the market price of dairy products up.

In regard to the cow-testing associations of this section Dr. McClain stated that the members would receive two benefits from belonging to such an association. One would be a knowledge of the weights of the milk produced and the other would be the knowledge of the cost to produce it. This will develop into a bookkeeping system. Keeping records, he claimed, of the production of the herd would mean much toward the success of dairying. That is a thing which is being neglected in other dairy sections of the country.

He discussed at length the use of good circle bulls. Holding a good herd together and developing a better herd depends largely on a herd bull, he said. One of the greatest hindrances to the advancement of the dairy industry is the slaughtering of young bulls before their worth is proved. This is true among the cows, too, many cows that would be good producers, if properly fed and cared for are sent to the butcher.

"The greatest handicap," said Dr. McClain, "I have noticed in this country is the lack of reliable legume hay. You have the roughage and the pasture, but I find in this section of the state that legumes are lacking and they have a part in a cow's ration that is hard to replace with other feeds."

The specialist said that he believed the dairymen in this section would find it profitable to use silos as "filler-between" in the early spring and the early fall.

Dr. McClain was here as his first official visit to the Panhandle representing the U. S. Department of Agriculture. His visit was hailed by dairymen as a recognition of the Panhandle as a dairy section of prominence in the nation. Thursday afternoon he visited several herds in Randall county and expressed surprise in finding such high grade herds here.

"Of course I have seen only those herds in this section that have been built around herd and circle bulls," he said in commenting on the dairy cows of Randall county, "and these, I would say, compare very favorably with those found in most any section of the country."

# C of C Lays Plans For Canyon Day On Sunday, 13th

At a meeting of the officers and members of the board of directors of the Chamber of Commerce a Park Day for Sunday, July 13, was set aside.

The body plans to make arrangements with the owners of property along the canyons east of here to open their gates for that day only and let everyone who cares to do so enter and spend the day or a portion of it in the canyons.

The visitors will come to Canyon and go due east to the canyons. The roads will be well marked with signs to direct the people to the canyons.

Instructions, in detail will be announced later. It is planned to arrange the routes so that those who care to do so may see the greatest amount of the beauty of the canyons in the short space of time.

### PAPERS SUPPORT SMALL

Two other West Texas newspapers joined the ranks of those already urging the election of Clint C. Small for Governor of Texas, when the Lubbock Avalanche-Journal announced with a front page editorial, Sunday morning that the two papers felt that Mr. Small could best serve the interests of the entire state.

The announcement of the support of the two South Plains papers came on the heels of the announcement that Senator Pink Parrish would ask that his name be left off the official ballot of the Democratic primary and would throw his support to Small.

### PAUL LALOGE OF UMBARGER BURIED AT EMPORIA, KANS.

The body of Paul LaLoge, 30, of Umbarger was shipped to Emporia, Kansas for burial Sunday. Mr. LaLoge, who was born in Kansas City, has been a resident of this section for several years.

He married Miss Frances Hancock, about a year ago.

Surviving are his wife, parents, three sisters and an adopted brother.

Mrs. LaLoge, Mrs. J. W. Hancock and James Hancock accompanied the body to Emporia. The body wsa prepared for shipment by the Griggs-Thompson funeral home.

### DAVIS TAKES SIXTY BABY PHOTOGRAPHS ON MONDAY

Ray V. Davis set what is believed to be a record for making photographs in one day's time, when he made photographs of 60 babies Monday.

His Trades Day offer was to make a photograph of each baby who was brought to the studio. The photograph offer was free.

He states that 22 different photographs and settings was the largest number he ever made at any time prior to Monday.

### PUMP IN TRANSIT

The pump for the latest well being drilled for the City is said to be in transit from the factory in California.

A several days shutdown on the well was made by the Western Waterworks company beginning last Friday.

### A. & M. MAN HERE

Dr. Edmonds, district agent of the extension department with headquarters at A. & M. College, College Station, Texas, was in this county last Thursday. He has the entire Panhandle country under his supervision and was in this section on business.

He attended the dairyman's meeting held here last Thursday night.

### STORK SPECIAL

Mr. and Mrs. Paul Lentner of Roswell announce the arrival of a son Thursday, June 19. Mrs. Lentner will be remembered as Miss Lois Thomas of this city.

### ST. PAUL'S LUTHERAN CHURCH

5 Miles East

In spite of warm weather and pressure of work, members of St. Paul's church did not neglect services last Sunday. The local pastor preached a sermon on despising of God's Word. In the sermon the pastor stated that it is a terrible sin to despise God's Word. The wholes ermon was based on the words of Samuel spoken to King Saul, "Because thou hast rejected the Word of the Lord, He hath also rejected thee from being king," I Sam. 15, 23. The sermon ended with a most touching exhortation to hold God's Word sacred and to gladly hear and learn it.

English services are announced for next Sunday. The present class of catechumens will be received into full communion with the church next Sunday by the rite of confirmation. A hearty welcome is extended to all to attend services. The services will begin at 10 a. m. No Sunday school is announced for next Sunday.

Mrs. Frank Hicks has as her guest this week, Mrs. H. G. Hamrick of Amarillo.

### STAR GAS HAS KITCHEN ON WHEELS COMING HERE

A modern kitchen traveling on wheels, under the auspices of the Star Gas distributors, will be in Canyon on July 2nd and 3rd for the inspection of the public.

The Thompson Hardware Company, are local dealers for Star Gas, and they are inviting the housewives of this section to be their guests while the model kitchen is in Canyon and to inspect the features of it.

## Wayside Items

Weather is oppressively warm, but little wind blowing.

Harvesting still in full blast. Much that is being cut is of exceptional good quality, some tests of 65 pounds to the bushel.

J. W. Landsdown and wife from Tecumseh, Okla., and Sylvester Mahan and family from Oiltown, Okla., arrived Wednesday at the G. W. Franklin home. They left Saturday accompanied by Mrs. Emma Franklin, for points in Lamb county and different parts in New Mexico for a two weeks vacation.

Mrs. Lowe McGehee and Beth Lowe with Miss Billie Cunningham of Canyon visited the John T. McGehee home the past week end. They returned Monday afternoon.

Mrs. J. J. Lowery, a former Waysider, lies very ill at the Northwest Hospital in Amarillo.

Al Adams of Nebraska is helping his brother, D. L. Adams, in the harvest. D. L. Adams has recently purchased two new International trucks.

J. M. McGehee from Gallegos, New Mexico, reached Wayside last Wednesday for a short visit.

Rev. J. R. Plant filled his appointments Sunday morning and at night. After the morning service, Lyman York and Fannie May Franklin united with the church and were received same time.

Commissioner W. H. Hamblen has recently put a bridge across the ditch leading to the cemetery. This has been needed for a long time.

Kelly McGehee brought out a new tractor last Monday from Canyon.

Manford Counterman and family visited the Sluder home Sunday afternoon.

Wm. Payne and family returned Friday from their vacation south and west.

## Zita Breezes

Most all the farmers of the community have begun harvesting.

Mrs. Mike Mahan visited Mrs. John Moody Thursday.

Mrs. Mollie DeGraffenried and daughter, Jessie, spent Sunday with Mrs. C. C. Stewart.

Quite a few farmers are planting row crop.

Mr. and Mrs. Sam Elliott of Vega are visiting Mrs. E. M. Elliott this week.

S. B. McClure reports the sale of the Maud Cheatham property on 6th Avenue to Mrs. Patty Wilson of this city.

The infant child of Mr. and Mrs. O. J. Laas of Plainview died at three o'clock Sunday morning. Funeral services were held Monday afternoon at Lubbock where Mr. Laas is in school for the summer. Mrs. Laas will be remembered as Fannie Cash.

## CLASSIFIED ADVERTISING

Classified rates are two cents per word for the first insertion, and one cent per word for each subsequent insertion. This rate applies to all legal notices.

All classified advertisements must be paid in advance unless arrangements are made in person to care for the payment of them. Classified ads received through the mail will not be published unless accompanied by the cost of insertion.

Word ads intelligently—do not try to save a few cents by leaving out necessary words; tell who, what, where, and, if essential, when and why.

## Dairy Herds In County Interest Dairy Speaker

Speaking to a small audience of about 50 Randall county dairymen in the district court room last Thursday night, Dr. J. L. McClain, dairy specialist of the U. S. Department of Agriculture, paid high tribute to those of Randall county who are taking an active part in the development of the dairy industry of the Panhandle.

In the beginning the speaker asserted that he was at a loss to know what to say to a group of dairymen who has been able, by scientific breeding and careful feeding methods to build up some of the best grade and purebred herds in the Southwest. He declared that he was surprised at the wonderful herds that he had seen in the Panhandle in the past week.

It is his belief that a good quality of products will aid in holding the market price of dairy products up.

In regard to the cow-testing associations of this section Dr. McClain stated that the members would receive two benefits from belonging to such an association. One would be a knowledge of the weights of the milk produced and the other would be the knowledge of the cost to produce it. This will develop into a bookkeeping system. Keeping records, he claimed, of the production of the herd would mean much toward the success of dairying. That is a thing which is being neglected in other dairy sections of the country.

He discussed at length the use of good circle bulls. Holding a good herd together and developing a better herd depends largely on a herd bull, he said. One of the greatest hindrances to the advancement of the dairy industry is the slaughtering of young bulls before their worth is proved. This is true among the cows, too, many cows that would be good producers, if properly fed and cared for are sent to the butcher.

"The greatest handicap," said Dr. McClain, "I have noticed in this country is the lack of reliable legume hay. You have the roughage and the pasture, but I find in this section of the state that legumes are lacking and they have a part in a cow's ration that is hard to replace with other feeds."

The specialist said that he believed the dairymen in this section would find it profitable to use silos as "filler-between" in the early spring and the early fall.

Dr. McClain was here as his first official visit to the Panhandle representing the U. S. Department of Agriculture. His visit was hailed by dairymen as a recognition of the Panhandle as a dairy section of prominence in the nation. Thursday afternoon he visited several herds in Randall county and expressed surprise in finding such high grade herds here.

"Of course I have seen only those herds in this section that have been built around herd and circle bulls," he said in commenting on the dairy cows of Randall county, "and these, I would say, compare very favorably with those found in most any section of the country."

## C of C Lays Plans For Canyon Day On Sunday, 13th

At a meeting of the officers and members of the board of directors of the Chamber of Commerce a Park Day for Sunday, July 13, was set aside.

The body plans to make arrangements with the owners of property along the canyons east of here to open their gates for that day only and let everyone who cares to do so enter and spend the day or a portion of it in the canyons.

The visitors will come to Canyon and go due east to the canyons. The roads will be well marked with signs to direct the people to the canyons.

Instructions, in detail will be announced later. It is planned to arrange the routes so that those who care to do so may see the greatest amount of the beauty of the canyons in the short space of time.

### PAPERS SUPPORT SMALL

Two other West Texas newspapers joined the ranks of those already urging the election of Clint C. Small for Governor of Texas, when the Lubbock Avalanche-Journal announced with a front page editorial, Sunday morning that the two papers felt that Mr. Small could best serve the interests of the entire state.

The announcement of the support of the two South Plains papers came on the heels of the announcement that Senator Pink Parrish would ask that his name be left off the official ballot of the Democratic primary and would throw his support to Small.

### PAUL LALOGE OF UMBARGER BURIED AT EMPORIA, KANS.

The body of Paul LaLoge, 30, of Umbarger was shipped to Emporia, Kansas for burial Sunday. Mr. LaLoge, who was born in Kansas City, has been a resident of this section for several years.

He married Miss Frances Hancock, about a year ago.

Surviving are his wife, parents, three sisters and an adopted brother.

Mrs. LaLoge, Mrs. J. W. Hancock and James Hancock accompanied the body to Emporia. The body wsa prepared for shipment by the Griggs-Thompson funeral home.

### DAVIS TAKES SIXTY BABY PHOTOGRAPHS ON MONDAY

Ray V. Davis set what is believed to be a record for making photographs in one day's time, when he made photographs of 60 babies Monday.

His Trades Day offer was to make a photograph of each baby who was brought to the studio. The photograph offer was free.

He states that 22 different photographs and settings was the largest number he ever made at any time prior to Monday.

### PUMP IN TRANSIT

The pump for the latest well being drilled for the City is said to be in transit from the factory in California.

A several days shutdown on the well was made by the Western Waterworks company beginning last Friday.

### A. & M. MAN HERE

Dr. Edmonds, district agent of the extension department with headquarters at A. & M. College, College Station, Texas, was in this county last Thursday. He has the entire Panhandle country under his supervision and was in this section on business.

He attended the dairyman's meeting held here last Thursday night.

### STORK SPECIAL

Mr. and Mrs. Paul Lentner of Roswell announce the arrival of a son Thursday, June 19. Mrs. Lentner will be remembered as Miss Lois Thomas of this city.

### ST. PAUL'S LUTHERAN CHURCH

5 Miles East

In spite of warm weather and pressure of work, members of St. Paul's church did not neglect services last Sunday. The local pastor preached a sermon on despising of God's Word. In the sermon the pastor stated that it is a terrible sin to despise God's Word. The wholes ermon was based on the words of Samuel spoken to King Saul, "Because thou hast rejected the Word of the Lord, He hath also rejected thee from being king," I Sam. 15, 23. The sermon ended with a most touching exhortation to hold God's Word sacred and to gladly hear and learn it.

English services are announced for next Sunday. The present class of catechumens will be received into full communion with the church next Sunday by the rite of confirmation. A hearty welcome is extended to all to attend services. The services will begin at 10 a. m. No Sunday school is announced for next Sunday.

Mrs. Frank Hicks has as her guest this week, Mrs. H. G. Hamrick of Amarillo.

### STAR GAS HAS KITCHEN ON WHEELS COMING HERE

A modern kitchen traveling on wheels, under the auspices of the Star Gas distributors, will be in Canyon on July 2nd and 3rd for the inspection of the public.

The Thompson Hardware Company, are local dealers for Star Gas, and they are inviting the housewives of this section to be their guests while the model kitchen is in Canyon and to inspect the features of it.

## Wayside Items

Weather is oppressively warm, but little wind blowing.

Harvesting still in full blast. Much that is being cut is of exceptional good quality, some tests of 65 pounds to the bushel.

J. W. Landsdown and wife from Tecumseh, Okla., and Sylvester Mahan and family from Oiltown, Okla., arrived Wednesday at the G. W. Franklin home. They left Saturday accompanied by Mrs. Emma Franklin, for points in Lamb county and different parts in New Mexico for a two weeks vacation.

Mrs. Lowe McGehee and Beth Lowe with Miss Billie Cunningham of Canyon visited the John T. McGehee home the past week end. They returned Monday afternoon.

Mrs. J. J. Lowery, a former Waysider, lies very ill at the Northwest Hospital in Amarillo.

Al Adams of Nebraska is helping his brother, D. L. Adams, in the harvest. D. L. Adams has recently purchased two new International trucks.

J. M. McGehee from Gallegos, New Mexico, reached Wayside last Wednesday for a short visit.

Rev. J. R. Plant filled his appointments Sunday morning and at night. After the morning service, Lyman York and Fannie May Franklin united with the church and were received same time.

Commissioner W. H. Hamblen has recently put a bridge across the ditch leading to the cemetery. This has been needed for a long time.

Kelly McGehee brought out a new tractor last Monday from Canyon.

Manford Counterman and family visited the Sluder home Sunday afternoon.

Wm. Payne and family returned Friday from their vacation south and west.

## Zita Breezes

Most all the farmers of the community have begun harvesting.

Mrs. Mike Mahan visited Mrs. John Moody Thursday.

Mrs. Mollie DeGraffenried and daughter, Jessie, spent Sunday with Mrs. C. C. Stewart.

Quite a few farmers are planting row crop.

Mr. and Mrs. Sam Elliott of Vega are visiting Mrs. E. M. Elliott this week.

S. B. McClure reports the sale of the Maud Cheatham property on 6th Avenue to Mrs. Patty Wilson of this city.

The infant child of Mr. and Mrs. O. J. Laas of Plainview died at three o'clock Sunday morning. Funeral services were held Monday afternoon at Lubbock where Mr. Laas is in school for the summer. Mrs. Laas will be remembered as Fannie Cash.

## CLASSIFIED ADVERTISING

Classified rates are two cents per word for the first insertion, and one cent per word for each subsequent insertion. This rate applies to all legal notices.

All classified advertisements must be paid in advance unless arrangements are made in person to care for the payment of them. Classified ads received through the mail will not be published unless accompanied by the cost of insertion.

Word ads intelligently—do not try to save a few cents by leaving out necessary words; tell who, what, where, and, if essential, when and why.
